- Speaker
  - Waiting to hear from VP Markeshia Miner as speaker. Will invite Lucas Dewitt and Al Guy (person referenced by President Parlange). Meeting on Oct 23<sup>rd</sup> can be cancelled because of school

and exams. Referencing last week's meeting: Someone had brought up neutrality in last senate where past senators were named. This made the Speaker uncomfortable, she felt blindsided by the screenshot. She stated that after discussion with Advisor Maureen, any slideshow in General Assembly will require approval from both and reports must be under 5 minutes.

This discussion further continued with Chair Buono, Chair Kendall and Chair Reyes expressing strong agreement with Speaker Lauren. They were against the transparent display of the constitutional violation committed by last year's electoral candidates and the elections chair.

President Goswami briefly responded saying that she is empathetic towards their emotions, however, the screenshot was a campaign material on used on a public platform used in a context of neutrality in elections. Additionally, she also expressed her confusion on leadership being upset at transparency on part of administration and not at the actual violation that was committed.

This conversation was halted in between due to time constrains to be continued for next Executive meeting.
