UCS 160 is Now Online!

In Fall 2020, UCS 160 will be an asynchronous online course featuring:

- 12 weekly modules focused on key academic skills and strategies
- Weekly comprehension quizzes to reinforce concept awareness
- Weekly assignments to apply study strategies in other courses
- Weekly online meetings to discuss key concepts and share ideas
- Emphasis on addressing common academic challenges, including:
  - Motivation, procrastination and distraction
  - Metacognitive awareness
  - Choosing task-appropriate strategies
  - Improving exam preparation and performance
  - Learning from textbooks and e-books
  - Planning time and work effectively
