

Learning Objectives

Upon completion of this knowledge-based program, participants will be able to:

- List the available long acting injectable antipsychotics and compare safety, ease of use, administration, and cost for each;
- Describe the new varieties of synthetic drugs of abuse and their pharmacologic profiles;
- Explore the literature regarding the usage of psychostimulant medications to improve neurocognitive function in patients with primary brain tumors;
- Discuss the prescribing and distribution of naloxone in Rhode Island
- Explain the risks associated with use of antipsychotics in elderly patients and dementia-related psychosis;
- Discuss pharmacologic treatment options for adults with ADHD;
- Discuss drug interactions associated with smoking and psychotropic medications;
- Identify challenges and barriers to treatment success that transitioning patients between care settings present.

Registration

Register online at <http://web.uri.edu/pharmacy/cpd/> or by scanning the QR code to the left. On-site registration available, as space permits. Registration fee on or before June 4, 2014 is \$52.50; after June 4, 2014 registration is \$62.50. Registration fee includes program materials and a light dinner. Registration fees, subject to a \$15 processing fee, will be refunded provided written notification is received 7 days prior to the program.

Continuing Education Credits

The University of Rhode Island College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This knowledge-based program has been accredited for 3.0 Contact Hours (0.3 CEUs) for pharmacists and pharmacy technicians. Attendance and completion of online program evaluations at the conclusion of each session are required for a statement of credit. No partial credit is available for this program. Evaluations must be completed within 30 days of the program. CE data will be reported to the CPE Monitor upon completing the program evaluation though it may not show up in your CPE Monitor account immediately.

UAN: 0060-0000-14-048-L01-P (Pharmacists) 3.0 Contact Hours (0.3 CEUs)

UAN: 0060-0000-14-048-L01-T (Technicians) 3.0 Contact Hours (0.3 CEUs)
