- Catch a Rainbow Every Day! (poster or reference sheet for teacher)
- Fruit and Vegetable lists (Remember to add this week's fruits and veggies to the list.)

## Lesson:

Ask $\rightarrow$ Have you tried a brown, tan or white fruit or vegetable this week?
Ask $\rightarrow$ What did you try?
Say $\rightarrow$ Today we are talking a little bit more about all the different color fruits and vegetables and how they keep us healthy.
Your body needs many different color fruits and vegetables to help you grow and to keep you healthy.
Say $\rightarrow$ Fruits and vegetables can be red, orange, yellow, green, blue, purple, brown, tan and white.
Ask $\boldsymbol{\rightarrow}$ Which color keeps your heart strong? (RED! Eating red fruit and vegetables like apples is good for your heart.)
Ask $\rightarrow$ Which color is good for your eyes and skin? (ORANGE and YELLOW! Eating orange and yellow foods like carrots keeps your eyes healthy and your skin glowing.)
Ask $\rightarrow$ Which color makes your tummy feel better? (GREEN! Eating green fruit and vegetables like broccoli helps you go to the bathroom and helps your tummy feel better.)
Ask $\rightarrow$ Which color helps you do well in school? (BLUE and PURPLE! Eating blue and purple foods like blueberries is good for your brain.)
Ask $\rightarrow$ Which color keeps your muscles strong and body safe against germs? (BROWN, TAN and
WHITE! Eating white fruit and vegetables like bananas keeps your muscles strong and body safe against germs.)
Say $\rightarrow$ You need all of these different color fruits and vegetables to help you grow and to keep your body healthy and strong. Try to eat as many colors as you can every day!

Say $\rightarrow$ Let's recite our Fruit and Vegetable Poem again. (Refer to Lesson 7.)

## Ending Activity: Sorting Colorful Fruits and Vegetables

Use the template to create a similar chart on $12^{\prime \prime} \times 18^{\prime \prime}$ construction paper. Instruct students to color the fruits and vegetables on the coloring sheet realistic colors. Next, have them cut out the pictures. Finally, they need to sort them and glue them on the correct side of the chart.
