Enjoy the Virtual Music Celebration

The 32nd Kingston Chamber Music Festival is being presented online this summer in accordance with State of Rhode Island guidelines and a commitment to keep our audience members and artists safe. While not the same as sharing live performances in community, these online offerings can keep us connected during this challenging time. You can enjoy all six Festival concerts via this website. To access the concerts, visit and click on Concerts, then click on Watch and Listen from the drop-down menu. A video of each concert will be posted there beginning on the date and time posted for the concert on the Festival Concerts page. Simply click on any of the videos to enjoy the performance from the comfort of your home. There is no charge to watch and listen to the concerts, and they will remain posted on our website until September 1, 2020.
