

Academic Program	List of States for which the curriculum meets State educational requirements for licensure or certification	Comments
M.S. in Human Development and Family Studies; Couple and Family Therapy Program	Rhode Island	Each state varies in its licensure/certification requirements for MFT/CFT. However, these requirements generally adhere to those set forward by the AAMFT/COAMFTE for accredited MFT/CFT programs. Given our program is accredited, our curriculum likely meets State educational requirements for licensure/certification in most states. While our program is designed to seamlessly meet RI licensure requirements, graduates of our program seeking licensure outside of RI may have to submit syllabi from several courses to comply with a specific course requirement from another state.
