## FROM THE PRESIDENT

---

“For 127 years, the students, staff, and faculty have made, and will continue to make, the University of Rhode Island a force for good in America and the world. Our community embodies respect for higher learning, individual expression, and people of all backgrounds, and we hold these values foremost in our beliefs and actions.” – David M. Dooley

Dear Class of 2019,

It is my hope for each of you that during your time at the University of Rhode Island you have gained knowledge, wisdom, and vision. I also hope that you have defined what you would like to do to transform the world and make it a better place.

You have the opportunity to join with others in creating a better future. Graduates of this 127-year-old institution are powerful and inspirational reminders of the most important outcome of the University’s work—the education of people who are better prepared and empowered to pursue their hopes and aspirations, and to do so with respect, understanding, and appreciation for others.

With the foundation you have acquired at URI, you can become the innovators and architects of a vibrant and sustainable future for Rhode Island, our nation, and the world. You now join more than 127,000 members of the worldwide URI alumni community, who are led by their creative and entrepreneurial spirits while pursuing their passions and embodying the University’s values.

This University has served the ideals of public education, diversity, and innovation for more than a century. We can’t wait to take all that we have learned as an institution and leap into the decades ahead, always thinking big. As our newest alumni, we hope you will join us on the journey.

Congratulations to the University of Rhode Island’s Class of 2019!

Sincerely,

David M. Dooley  
President, University of Rhode Island

## ALMA MATER

All hail to thee, Rhode Island,  
We pledge our faith anew,  
While our heroes bring thee honor  
With our banner of white and blue.  
In truth we owe her much, for she's shown us the way  
To achieve and be of service to the world.  
So all hail our Alma Mater,  
Rhode Island, our guide whate'er we do.

Think Big. It's what we do every day at URI. The University of Rhode Island came to be because a few people acted on a big idea more than 127 years ago. In 1888, several South Kingstown residents, the South Kingstown Town Council, and the state of Rhode Island made a collective donation of \$5,000 to purchase the 140-acre Oliver Watson Farm to establish a state agricultural school and experiment station. Their action exemplified the earlier vision of President Abraham Lincoln and the Morrill Land Grant Act of 1862, that education of the people and for the people was, and is, America's and the world's best hope for enduring prosperity and peace.

We became the Rhode Island College of Agriculture and Mechanic Arts in 1892, and we graduated our first 17 students in 1894. Those 140 acres have grown into a 1,200-acre Kingston Campus, plus the Alan Shawn Feinstein Providence Campus, Narragansett Bay Campus, W. Alton Jones Campus, and the Rhode Island Nursing Education Center.

In 2017, the U.S. Department of the Interior recognized the beauty and architectural and educational significance of our campus core. The area around the Quadrangle has been designated the University of Rhode Island Historic District, now part of the National Register of Historic Places. It was a fitting way to conclude the yearlong celebration of our 125th anniversary.

Our colleges of nursing, pharmacy, business, engineering, arts and sciences, environment and life sciences, health sciences, and education and professional studies, and our Graduate School of Oceanography are signature centers of scholarship and research. More than 94 undergraduate and 73 graduate degree programs

inspire our students and spark their creativity.

URI has made a major strategic investment in new full-time faculty in high-demand areas, resulting in about 47 percent of full-time faculty being hired within the past eight years.

The University is known regionally and worldwide for its big ideas and pioneering research in such areas as air, water, and ground pollution; biotechnology and life sciences; engineering, marine sciences, forensic sciences, neuroscience, pharmaceuticals, the behavioral sciences, and public health promotion. At the heart of the University is a strong core of traditional academic disciplines that provides the foundation for all specialized, professional, and applied areas of study. At a time when language enrollments are declining nationwide, URI is experiencing record-breaking numbers of students studying languages.

In 2013, the George & Anne Ryan Institute for Neuroscience was established, and just this year, the institute launched a pioneering clinical trial for a medication that will attack Alzheimer's disease by targeting inflammation in the brain's blood vessels. This URI-sponsored study is the first clinical trial led and conducted entirely within the state designed to treat individuals with mild cognitive impairment probably due to Alzheimer's disease and those diagnosed with mild Alzheimer's disease.

In the last 12 years, we have invested \$900 million in campus capital projects and improvements. In just a few months, we will open the new \$150 million engineering complex, described as one of the most provocative and technologically advanced engineering buildings in the country. The largest

project in University history, it will be finished in time for classes in fall 2019.

Also on the horizon is completion of the 500-bed, 203,000-square-foot Brookside Apartments, a residence hall that will feature a cafe and an outdoor seating area that runs along a restored brook and surrounding landscape.

And thanks to Rhode Island voters who last fall approved a \$45 million upgrade to our Graduate School of Oceanography, we will make necessary improvements to the pier and other facilities at the Narragansett Bay Campus. The work is essential as the Bay Campus will be the home port of the *Resolution*, a new \$125 million National Science Regional Research Class Vessel. The *Resolution*—to be delivered in 2021 and operated by the East Coast Oceanographic Consortium, which is led by URI—is one of only three such vessels in the nation.

We continue to raise our game as a sustainability leader in higher education, with 11 LEED-certified buildings, energy-saving initiatives, and a solar energy project, developed with the towns of South Kingstown and Narragansett, which will deliver environmental and economic rewards to the University, surrounding communities, and the state for years to come.

As another academic year draws to a close, our enrollment has grown to nearly 17,000 undergraduate and graduate students. We have over 127,000 alumni, with about 43 percent—over 54,000—in Rhode Island. Of the overall total, more than 126,000 live in the United States and just over 1,000 live in countries around the world. On May 18 and 19, our 11th president, David M. Dooley, is proud to confer undergraduate and graduate degrees upon more than 4,100 of our newest alumni.

## THE COMMENCEMENT EXERCISES AND ACADEMIC PAGEANTRY

---

Over the centuries, banners and flags have lent drama to public ceremonies, and the flags you see today represent the University, the history of the state, and some of the Rhode Island and international communities from which our students come. These flags help to deepen our sense of tradition and community history.

The backdrop for the Commencement Exercises consists of the banners of the 10 degree-granting colleges and schools that make up the University, as well as University College for Academic Success. Traditional colors of the academic disciplines have been used: Arts and Sciences, white and golden yellow; Business, drab; Education and Professional Studies, light blue; Engineering, orange; Environment and Life Sciences, maize; the Graduate School, blue and gold; Health Sciences, sage; Nursing, apricot; Oceanography, aqua; and Pharmacy, olive green.

The flags framing the Commencement stand are associated with early Rhode Island history: the Flag Act of 1777 flag, Betsy Ross variation; the flag of the Battle of Rhode Island (1778); the Grand Union flag (1776); the 1<sup>st</sup> Rhode Island Regiment flag (1775); the Rhode Island Colony flag (1774); the Meteor flag (1707); the Union flag (1707); and the Red Ensign (1620 in New England).

The international flags remind us of the growing importance of cultural diversity, internationalization, and global awareness.

The University of Rhode Island Color Guard will present colors and lead the academic procession. The Grand Marshal, carrying the University Mace, will follow the Color Guard. The faculty and the candidates for degrees will follow the Grand Marshal.

Academic dress has its origin in the colorful gowns and hoods of the Middle Ages. In the United States, a common code of academic dress was not adopted until 1895. This decreed three kinds of gowns and three hood lengths for bachelor's, master's, and doctoral degrees. Hoods are lined with the color or colors of the university conferring the degree and are bordered with a color representing the subject of study for which the degree is conferred.

Throughout the Commencement Exercises, one may see reflected the pomp and ceremony of a feudal society and the intricacies of the medieval art of heraldry—in the ritual, the dress, the ceremonial accoutrements, such as the University Mace, and in the wording of the degrees conferred.

### UNIVERSITY MACE

The University Mace was donated by the graduating class of 1963. It is made of gold-plated sterling silver and is mounted on a 3-foot rosewood staff. The URI seal, 3 inches in diameter, crowns the staff, with a sketch of Davis Hall on the back. Davis is one of the University's oldest buildings and is the site of the college bell tower.

### PRESIDENTIAL MEDALLION

The medallion worn by the president was donated to the University as a 100th birthday gift by goldsmith and University of Rhode Island alumnus Robert C. Corio, Class of 1973. Of 18-karat gold and about the size of a half dollar, it is stamped with the University seal and is bordered by an elegant, rounded setting. The chain is made of small gold ovals linked together, each engraved with the name of a University president emeritus. Through the years, the name of each new president will be added to the medallion.

### GONFALONS

Within the Commencement procession, each college will process behind gonfalons carried by one of their own graduates. Gonfalons are flags or banners, hung from crosspieces on poles, that have been used since medieval times as symbols of state or office and are now traditionally used by colleges and universities. The background of each college's gonfalon is the official URI dark blue; the stripes on the gonfalons are the traditional colors of the academic disciplines.

2019 NATIONAL  
SCHOLARSHIPS

*Some national scholarship programs are so prestigious that one can only apply if nominated by the University. This year, the following students and alumni have been recognized in such competitions:*

Undergraduates Sarah Chambers '20 (Mandarin/China), Keara Cole '20 (Mandarin/China), Derek Murphy '20 (Mandarin/China), and Zachary Smith '20 (Mandarin/Taiwan) have been selected as 2019 Boren Scholars, and graduate students Cory Crew '20 (Mandarin/China) and Daniel La Spisa '21 (Arabic/Jordan) have been selected as 2019 Boren Fellows. An initiative of the National Security Education Program (NSEP), the David L. Boren Awards provide funding opportunities for U.S. students to study less-commonly taught languages in world regions critical to U.S. interests. In exchange for funding, Boren Scholars and Fellows commit to working in the federal government for at least one year after graduation.

Keegan Glennon '16 and Cherish Prickett '18 have been offered 2019 Fulbright U.S. Student Awards to Norway and the United Kingdom, respectively. Written into law by President Harry S. Truman in 1946, the Fulbright Program is the flagship international educational exchange program sponsored by the U.S. government.

Charlie Santos '18 was selected as a finalist in the 2019 Marshall Scholarship competition. Established in 1953 by an act of British Parliament to commemorate the generous economic aid provided by the United States through the European Recovery Program, the Marshall Scholarship selects up to 40 young Americans of high ability each year for graduate study at any university in the United Kingdom.

Samuel Foer '19 was selected as a finalist in the 2019 Truman Scholarship competition. The Harry S. Truman Scholarship Foundation recognizes college juniors with exceptional leadership potential who are committed to making a difference through careers in government, the nonprofit or advocacy sectors, education, or elsewhere in the public service.

## HONORARY DEGREES

---

PATRICK J. KENNEDY  
Doctor of Humane Letters

During his 16 years in the U.S. House of Representatives serving Rhode Island's 1<sup>st</sup> Congressional District, former Congressman Patrick J. Kennedy fought to end discrimination against those with mental illness, addiction, and other brain diseases. He is best known as the lead sponsor of the Mental Health Parity and Addiction Equity Act, the federal law requiring insurers to cover treatment for mental health and substance use disorders no more restrictively than treatment for illnesses of the body, such as diabetes and cancer.

In 2013, Kennedy founded The Kennedy Forum, a think tank focused on advancing evidence-based practices, policies, and programming in mental health and addiction care by uniting mental health advocates, business leaders, and government agencies around a common set of principles, including full implementation and enforcement of the federal parity law.

He also is the founder of DontDenyMe.org, a website that empowers consumers and providers to stand up for patient rights under the federal parity law. Kennedy is co-founder of One Mind, a global leader in open science collaboration for brain research, and Psych Hub, an online repository of educational videos about mental health. In 2015, he co-authored the New York Times Best Seller, *A Common Struggle: A Personal Journey Through the Past and Future of Mental Illness and Addiction*.

Kennedy lives in New Jersey with his wife, Amy, and their five children.

EDWARD AVEDISIAN  
Doctor of Humane Letters

A son of Armenian Genocide survivors, Edward Avedisian grew up in an immigrant neighborhood in Pawtucket and graduated from the city's public schools.

Avedisian was a clarinetist with the Boston Pops for 35 years and the Boston Ballet Orchestra for more than 40. He has performed around the world and was twice appointed a Fromm Fellow for Contemporary Music Performance under the direction of Aaron Copland at Tanglewood.

Avedisian's artistic achievements are rivaled only by his philanthropy, including a \$5 million gift to the University's College of Pharmacy in 2017 in memory of his brother, Paramaz Avedisian, a 1954 graduate of the college. The pharmacy building bears his brother's name. In addition to the Endowed Professorship in Organic Chemistry, he has established the Paramaz Avedisian Pharmacy Scholarship.

He also fully funded the Center for Health Studies & Research and the Center for Business Research & Development at the American University of Armenia. He is the founder of the Khoren and Shooshanig Avedisian K-12 School & Community Center in Armenia and was the sole benefactor and chair for renovation of Armenia's Nork-Marash Medical Center.

In 2008, Avedisian—a 1959 and 1961 alumnus of Boston University—was named the Boston University Distinguished Alumnus and has contributed to its School of Medicine and College of Fine Arts. Avedisian was awarded the Ellis Island Medal of Honor in 2016. He currently serves as a board member of Light Sciences Oncology.

MARGARET BRANDON '80, M.M.A. '97  
Doctor of Science

Margaret "Peg" Brandon, president of Sea Education Association (SEA) in Woods Hole, Massachusetts, first went to sea with SEA's flagship study-abroad program, SEA Semester, as a URI undergraduate student. Since then, as a mariner and educator, she has committed herself to empowering students with life-changing sea voyages of scientific and cultural discovery, academic rigor, and personal growth. Established in 1971, SEA is an internationally recognized leader in undergraduate ocean education, taking students of all majors to the Atlantic and Pacific oceans aboard its two tall ships to conduct oceanographic research.

Brandon was a member of SEA's faculty for more than 15 years, leading numerous SEA Semester voyages, and has logged more than 100,000 nautical miles at sea as a U.S. Coast Guard licensed captain. In 2010, she was awarded the Maine Maritime Academy Excellence in Teaching Award, and in 2017 she received the Tall Ships America Leadership Award. Last year, she was selected as an Arthur Vining Davis Foundation Aspen Fellow for the Aspen Ideas Festival.

During her tenure as SEA's president, the organization garnered the 2016 National Science Board Public Service Award and the 2018 Walter Cronkite Award for Excellence in Maritime Education. Under Brandon's leadership, SEA continues to equip its students with the tools needed to become environmentally literate leaders prepared to address human impact on the environment.

JOHN M. GRANDIN  
Doctor of Engineering

John M. Grandin is founding director of the International Engineering Program (IEP) and professor emeritus of German. The IEP is one of the first global engineering programs in the nation, and among the few that educates truly bilingual engineers. Other schools look to URI as a leader in this field due to the vision of Grandin and his co-founder, the late Hermann Viets, former dean of the College of Engineering.

Dramatic enrollment growth in the Department of Modern and Classical Languages and Literatures occurred with substantial help from the IEP. The program combines engineering study with German, French, Spanish, Italian, Mandarin Chinese, and now a minor in Japanese. The program attracts outstanding undergraduate students from all over the country and exchange students from partner universities in each of the IEP language areas.

Major financial support has come to the IEP from governmental, corporate, and private sources because of the efforts of Grandin and the other IEP faculty working in coordination with College of Engineering faculty. Grandin has received numerous awards, including the Federal Cross of Honor from the Federal Republic of Germany. He has published widely on cross-disciplinary initiatives. Grandin is the founder of the annual Colloquium on International Engineering Education, which brings together engineering and language faculty with university administrators and international educators to explore ways to prepare young engineers for the global workplace.

LYNN C. PASQUERELLA  
Doctor of Letters

Lynn C. Pasquerella is president of the Association of American Colleges and Universities (AAC&U), the leading national association concerned with the quality, vitality, and public standing of undergraduate liberal education. Before her appointment at AAC&U, Pasquerella served as the 18th president of Mount Holyoke College, provost at the University of Hartford, and vice provost at the University of Rhode Island.

Pasquerella was a member of the URI community for 23 years. She began as a philosophy professor in 1985, after earning her Ph.D. from Brown University. She held a variety of leadership roles, including philosophy department chair, interim vice provost for research, vice provost for academic affairs, and dean of the Graduate School. Recently named one of the Top 35 Women in Higher Education by *Diverse: Issues in Higher Education*, Pasquerella shaped URI through her work with the Instructional Development Program, the Center for Ethics and Public Service, the Multicultural Student Services Center, and research projects aimed at diversifying STEM fields.

Pasquerella is the creator and host of Northeast Public Radio's *The Academic Minute*, showcasing cutting-edge research and scholarship by faculty across the country. She currently serves as the president of Phi Beta Kappa Society, and member of the advisory board of Newman's Own Foundation. She also sits on the board of directors of the Lingnan Foundation and the National Humanities Alliance, and is on the Ethics Committee of George Washington University Hospital.

*This program includes faculty members who were granted emerita/us status as of May 1, 2019.*

**PETER V. AUGUST**

Professor of Natural Resources Science

Peter August joined the URI faculty in 1981 after earning his Ph.D. from Boston University. He served as chair of the Department of Natural Resources Science from 1996–1998. He established URI as a center of excellence in Geographic Information Systems (GIS) and created the URI Environmental Data Center. He published scientific papers and articles in GIS, landscape ecology, and conservation science. August was the founding president (1994) of the Rhode Island Natural History Survey. He served as director of URI's Coastal Institute from 2000–2009. He distinguished himself nationally and internationally, serving as the president of the American Society of Landscape Ecologists.

**LILIANA GONZALEZ**

Professor of Statistics

Liliana Gonzalez, a native of Columbia, earned her Ph.D. in statistics at the University of Wyoming before joining the Department of Computer Science and Statistics at URI. During her 19 years at URI, she served as editor of the *Environmetrics* newsletter for five years, book review editor of The International Environmetrics Society for seven years, and associate editor for the *Journal of Agricultural, Biological and Environmental Statistics* for nine years. She served as head of the department for 11 years. She also served on over 100 master's and doctoral committees, published more than 40 articles in journals, consulted extensively with state businesses and institutions, and participated in two U.S. Agency for International Development-funded projects in Africa.

**CAROLYN HAMES**

Associate Professor of Nursing

Carolyn Hames received her B.S. and M.S. from the University of Florida. She joined the faculty at the University of Rhode Island College of Nursing in 1972. During her over 45 years at URI, she taught pediatric nursing, was an Honors Fellow in the University's Honors Program, and had a specialty interest in thanatology with a focus on death and bereavement related to children. Professor Hames was active in helping to establish Friends Way, a children's bereavement center located in Warwick, Rhode Island, where she has served as president of its board of directors.

**SANDRA KETROW**

Professor of Communications Studies

Sandra Ketrow returned to academia at URI from corporate marketing in 1986. Her early research focused on leadership and group decision-making; later, nonverbal and interpersonal aspects of interaction. Recently, Professor Ketrow researched argumentation and decision-making for families experiencing crisis or facing a consequential decision. For her, research and teaching are always intertwined. She helped launch the M.A. program in communication studies as its first director. Professor Ketrow was one of the first technology and teaching fellows at URI and spearheaded assessment for graduate and undergraduate programs. An avid surfer, she has her sights set on the next wave.

**LOUIS J. KIRSCHENBAUM**

Professor of Chemistry

Louis Kirschenbaum received his Ph.D. from Brandeis University and joined the URI Department of Chemistry in 1970. His research emphasis is on transition metal solution chemistry and small free radicals. He received the 2002 Research Medal from the Worshipful Company of Dyers (London). Sabbatical leaves have included Ben Gurion University, the National Cancer Institute, the National Institutes of Health, and the Australian Textile and Fibre facility, Commonwealth Scientific and Industrial Research Organisation. Professor Kirschenbaum has published extensively and co-authored a quantitative analysis textbook. He is an American Chemical Society career counselor. URI activities include Faculty Senate, president of the URI American Association of University Professors, Phi Beta Kappa, and Sigma Xi.

**SCOTT J. LLOYD**

Associate Professor of Business Instruction

Scott Lloyd received his B.S. and M.S. from Virginia Commonwealth University in management information systems. He was employed by the Virginia National Guard/Department of Defense as a systems designer and database administrator. He received a Ph.D. in information systems and operations research from Kent State University. He joined the faculty at URI in 1999, with a research focus on the use of artificial intelligence. At URI he co-edited *Software Engineering in the 21st Century*, has been editor-in-chief of *Informing Sciences*, and associate editor for other journals.

---

**ANTHONY MALLILO**

Professor of Fisheries, Animal,  
and Veterinary Sciences

Anthony “Tony” Mallilo reached thousands of students during his 37 years at the University of Rhode Island. As a faculty advisor in animal and veterinary sciences, he will be remembered for his calm advising style and deep respect for all students. Professor Mallilo was involved in agricultural extension and education initiatives, and has received many awards, including the Outstanding Publication Award from the American Association of Teacher Educators in Agriculture, a Distinguished Service U.S. Department of Agriculture Children, Youth & Families Award, and a Teaching Excellence Award from the College of the Environment and Life Sciences.

**THOMAS MORIN**

Professor of Spanish

Born in Hoboken, New Jersey, on Aug. 30, 1938, Thomas Morin graduated from Rutgers University in 1960 in Romance languages. He served in the military in Panama from 1960–63. In 1968, he received his M.A. in Hispanic studies from Columbia University and his Ph.D. in 1975. From 1971–75, he taught at St. Francis College in Brooklyn, New York. In 1985, he was granted visiting professor status at the Universidad Iberoamericana in Mexico City. He has been a professor of Spanish at URI since September 1975.

**JAMES J. OPALUCH**

Professor of Environmental and  
Natural Resource Economics

James Opaluch received his Ph.D. in agricultural and resource economics from the University of California, Berkeley, and joined the Department of Resource Economics at URI in 1979. His research covered a range of topics in environmental economics, resulting in over 80 publications. He was enthusiastic about training students and was a core member establishing the National Science Foundation-funded Integrative Graduate Education and Research Traineeship program at URI. Professor Opaluch was active in service to the University, the state of Rhode Island, and the nation, including numerous University committees, an advisory committee for Rhode Island Resource Recovery Corp., and the Environmental Protection Agency’s Environmental Economics Advisory Committee.

**BARBARA PAGH**

Professor of Art

Barbara Pagh earned her M.A. from New York University and came to URI in 1983. Her ongoing research involves gallery installations interpreting the transformation of landscape by ancient cultures. She has exhibited nationally and internationally and participated in a national portfolio exchange, East/West. She served as department chair, coordinator for the Visual Arts Sea Grant program, and curator for student exhibitions around campus and in Rhode Island galleries. She and her husband, Jeff Bertwell, operated QRP/Oasis Press producing limited-edition prints with URI faculty, visiting artists, and students. She received the 2018 Teaching Excellence Award from the College of Arts and Sciences.

**ROSA MARIA PEGUEROS**

Associate Professor of History

Rosa Maria (Rosemarie) Pegueros fell in love with Guatemala and El Salvador when she first visited her mother’s family there at the age of 10. Born in San Francisco, she graduated from the University of San Francisco with a degree in philosophy and classics, but it was in law school that she found her passion studying history. At the University of California at Los Angeles, she earned her master’s and doctorate in history with special fields in Latin America and women’s history. Teaching at URI since 1993, Professor Pegueros has mentored many students, particularly first-generation college students.

**W. MICHAEL SULLIVAN**

Professor of Plant Sciences

W. Michael Sullivan received his Ph.D. in agronomy from the University of Nebraska in 1981 and joined the URI Department of Plant and Soil Science that same year. Public service and outreach were a focus throughout his career. During his 39 years at URI, Professor Sullivan served as chair of the Department of Plant Sciences, was a Rhode Island state senator, was elected as a Richmond, Rhode Island, town councilor for 12 years, served a six-year appointment as director of the Rhode Island Department of Environmental Management, and served as executive director of the R.I. office of the U.S. Department of Agriculture Farm Service Agency.

## FACULTY EMERITI 2018–2019

*continued*

### MARIO TRUBIANO

Professor of Spanish

Professor Mario Trubiano received a Ph.D. in Spanish from the University of Massachusetts Amherst and an M.Ed. from Boston College. He specializes in Spanish literature of the Golden Age, theater as a literary genre, and Spanish literature from the 19<sup>th</sup>–21<sup>st</sup> centuries. During his career at URI, he founded and directed the URI Summer Study Program in Salamanca, Spain, providing students with a unique and immersive study-abroad experience for over 30 years. The Literary Colloquium, an essential part of this program created by Professor Trubiano and Angel Basanta, became famous for hosting some of the most renowned writers and poets in Spanish literary circles.

### FRITZ WENISCH

Professor of Philosophy

Born and educated in Austria, Fritz Wenisch has been part of the Department of Philosophy at URI since 1971, a full professor since 1979. His research has focused on phenomenological realism, ethics, theory of knowledge, and philosophy of religion. He has published multiple books, monographs, and journal articles, and given dozens of professional presentations. He was department chair from 1974–1991 and has served the profession and the University in multiple capacities. Especially noteworthy are his decades of dedicated service to the Faculty Senate. In his 48-year career, Professor Wenisch has impacted thousands of students, teaching courses in both philosophy and religion.

### BRYNA WORTMAN

Associate Professor of Theater

Bryna Wortman earned her B.A. in English from Barnard College, Columbia University, and an M.F.A. in theater directing from Brooklyn College, City University of New York. Her directing work in New York City off- and off-off-Broadway included productions at the Women's Project, the Actors Studio, and Circle Repertory Company, which honored her with a National Endowment for the Arts Directing Grant for new play development. After teaching and directing at Brooklyn College Preparatory Center for the Performing Arts, Marymount Manhattan College, New York University Tisch School of the Arts, and the universities of Iowa and Wisconsin, Professor Wortman joined the URI theater faculty in 1999, where she headed the acting and directing programs and directed 31 productions.

### SZE C. YANG

Professor of Chemistry

Sze Yang received his Ph.D. from Columbia University and joined the URI Department of Chemistry in 1980. His research emphasis is on electrically conductive polymers and the synthesis of double-strand synthetic polymers. He has performed research with collaborators in such areas as molecular spectroscopy, chemical reaction dynamics, nanomaterials, biomaterials, and corrosion control. He has published in professional journals and co-authored U.S. patents. Professor Yang has participated in collaborative projects between URI and several companies and universities. At URI, he taught courses in physical chemistry and general chemistry.

## COLLEGE OF ARTS AND SCIENCES

*Some names of degree candidates may have been added or withdrawn from the official graduation list after this program was printed. Notations of distinction for graduation—cum laude, magna cum laude, and summa cum laude—are those in effect at the time of printing.*

*Students complete a degree and a major. For liberal arts degrees, the major is not included in the degree title or on the diploma.*

# GETTING AROUND CAMPUS

Undergraduate Commencement Ceremonies  
 Sunday, May 19, 2019

Rhody Transportation will provide complimentary shuttles between the Quadrangle and all other Commencement venues and parking lots from 9 a.m. to 5 p.m.

### STOPS/ROUTES FOR RHODY TRANSPORTATION

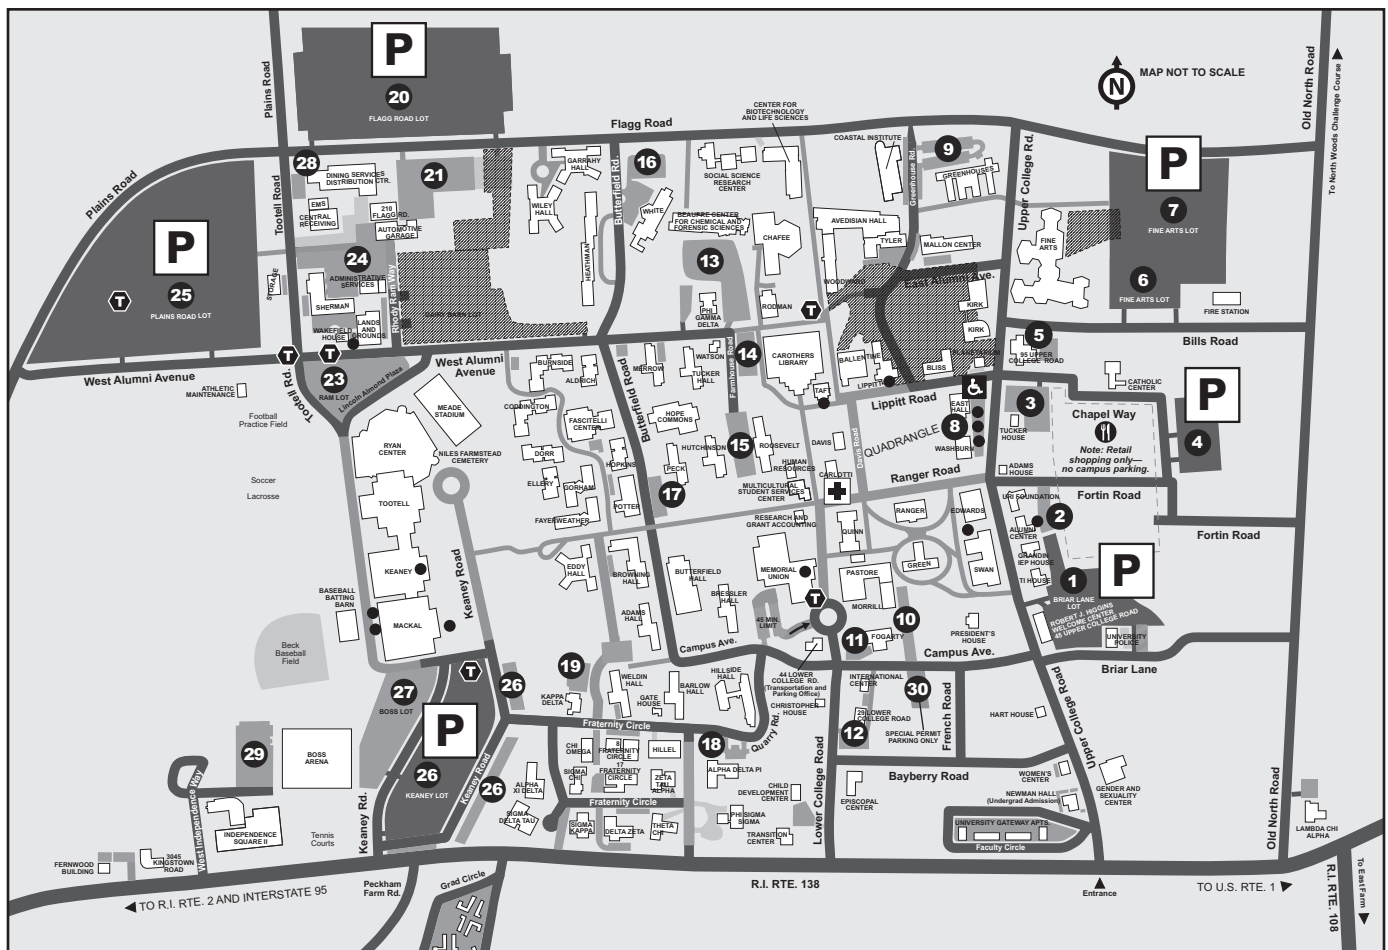

- Rhody Shuttle: Plains Road and RAM lots to the Quadrangle area and back
- Rhody Shuttle: Keaney and Boss Arena lots to the Memorial Union and back
- Rhody Vans: All lots to the ceremonies and Quadrangle areas

### ADVISORIES

- Vehicle and pedestrian traffic will be heavy throughout the day.
- Do not drive between venues.
- Utilize shuttles to and from parking areas and Commencement venues.

### DISABILITY ASSISTANCE

A Disability Services Station will be located next to East Hall (at the northeast corner of the Quadrangle). In addition, Disability Support Representatives will be located at each venue where college ceremonies take place (Mackal, Keaney, and Edwards). If the Rain Plan is in effect, Disability Support Representatives will also be available at Ryan Center.

- P General Commencement Parking
- T Transit Stops
- Disability Services Station
- 1-30 Parking Lots
- + First Aid (Carlotti Administration)
- R Restroom Facilities (Main Commencement)

## PUBLIC SAFETY AND EMERGENCY SERVICES

---

The University of Rhode Island takes pride in providing premier public safety and emergency services.

In the event of an emergency, URI staff and emergency response officials may provide specific verbal guidance. For everyone's safety, follow these instructions. Emergency messages may also be communicated by loudspeaker, emergency vehicle PA systems, and the URI All Campus Alert system.

At each venue throughout the day, please take the time to identify the nearest fire exit, locations of fire extinguishers, etc., and ensure that you and your family have a designated area to meet outside of the building. If you or someone else needs emergency assistance (police/fire/medical) at URI, please call:

**URI EMERGENCY Public Safety Dispatch: 401.874.2121**

*REGISTRATION FOR EMERGENCY NOTIFICATIONS: Guests may temporarily register to receive emergency notifications via text during Commencement weekend. To sign up, text URICommencement to 67283. Subscriptions will end automatically on Monday, May 20.*

*Nonemergency public safety assistance may be obtained by dialing 401.874.4910. Please note that first aid medical assistance also may be obtained in person on the first floor of the Carlotti Administration Building. Emergency services are provided by: URI Campus Police Department, URI Emergency Medical Services, the Kingston Fire District, and several other assisting departments. These uniformed officials are posted throughout the campus.*

## WELCOME TO THE ALUMNI COMMUNITY

Today you are joining a strong and talented community of more than 127,000 alumni worldwide. You'll find many ways to stay connected to URI and your fellow Rams—through social gatherings, special events, reunions, and great networking opportunities. In addition, be sure to follow the URI alumni Facebook, Twitter, and Instagram accounts. Log in and create your profile in the online alumni directory at [alumni.uri.edu/youngalum](http://alumni.uri.edu/youngalum) so you and your friends can stay in contact with each other, no matter where you are.

## THE CENTER FOR CAREER AND EXPERIENTIAL EDUCATION CONGRATULATES THE CLASS OF 2019

You are graduating, but you're still part of the URI community. Alumni Career Services is proud to help you along your career journey. We provide free support to alumni by advising on job searches, resumes, interviews, professional development, and career planning around graduate school. For your convenience, appointments are available by phone or in person during the day, evening, and weekends. For more information, or to schedule an appointment, call 401.874.9404, or visit our website at [alumni.uri.edu/careerservices](http://alumni.uri.edu/careerservices).

## THE CLASS OF 2019 RHODY SENIOR CHALLENGE

Congratulations! As the Class of 2019 officially become alumni, we invite you to start your legacy by making a gift to the URI Annual Fund, which provides immediate support to all facets of the University. Gifts of all sizes make an impact, and your participation is what matters most! Help the Class of 2019 answer the Rhody Senior Challenge, and encourage your classmates to do the same!

Leave your mark and be counted! Visit [urifoundation.org/seniorchallenge](http://urifoundation.org/seniorchallenge).

A special thank-you to the members of the Class of 2019 who stepped up to answer the challenge and can be seen wearing the Philanthropy Cord today. Every gift does make a difference, and we are grateful for yours!
