

CSC 499 Internship Proposal Form

Revised Fall 2019 – Indrani Mandal

Your name: _____ Double major or minor(s)? _____

Don't worry if the text gets small in any of these fields; I can always zoom in or copy it out to another document.

Course description

... needs some updating: One semester / 4CR is required for the BS; it is recommended but not required for the BA.

CSC 499: Project In Computer Science. PRA: (4 crs.) Supervised work on a capstone project in computer science that prepares students for careers in industry and graduate study. (Practicum) Pre: advanced standing in computer science and departmental approval. Normally taken twice in two consecutive semesters. May be repeated for a maximum of 8 credits. Not for graduate credit. S/U credit.

Prerequisite: “advanced standing in computer science”

- You MUST have passed CSC 212 (Data Structures and Abstractions) or have received transfer credit for it
- You MUST have transferred out of University College into the College of Arts and Sciences
- You MUST have at least a 2.0 GPA both in Computer Science and overall (also a graduation requirement)

Sponsoring organization

Organization (Company) Name: _____

Location where you will be working: _____

Supervisor's name / title: _____
