

## Minor in Cyber Security

(minimum 19 credits)

### Programming Prerequisite (1 Course)

Course No.	Course Title	Semester		No. of Credits
CSC 110	Survey of Computer Science	Fall	Spring	4
CSC 201*	Intro to Computer Programming	Fall	Spring	4

### Core Requirements

Course No.	Course Title	Semester		No. of Credits
CSF 202	Fundamentals for Cyber Security		Spring	4
CSF 432	Intro to Network and Systems Security	Fall		4
CSF 434	Network and Systems Security		Spring	4
CSF 430	Introduction to Information Assurance	Fall		4

### Computer Science Majors take One Additional Course

Pick one of the following courses:

- CSF 410: Digital Forensics 1
- CSF 462: Secure Programming (in-person)
- CSC 417: Computer Communications (in-person)
- CSC 418: Information and Network Security (in-person)
- CSC 477: Internship in Cyber Security
- Other faculty pre-approved course

### Important Notes

- \* Computer Engineering Majors may count CSC 211 as a replacement; CSC 201 is permitted *only* for non-Computer Science Majors.
- A minimum grade point average of 2.00 must be earned in the minor courses, and at least 12 of the 18 credits must be at the 200 level or above.
- At least half of the credits required in the minor must be earned at URI.
- General education requirements may be used for the minor, up to (2) two courses required in a major program may be used to apply to both the major and minor fields of study.
