

Strategy 6: Space

Provide a safe and nurturing environment that supports our community in its academic and research needs.

GOAL: To be the place that students, faculty and researchers gather to collaborate, learn, and study.

ACTIONS

- Provide increased access to study space 24/7.
- Continue to refurbish furnishings to provide a clean and modern space for collaboration and study.
- Provide access to computers/laptops, additional charging outlets, printing and other basic technology related services for patrons.
- Provide a quiet study space for personal study and research.
- Acquire compact shelving to better utilize limited space.
- Increase our electronic holdings of materials to provide access to our patrons in any location, at any time.
- Provide learning zones with cutting-edge technologies for all user across Campus.
