# **URI Cooperative Extension and Outreach Coordinating Committee**

January 14, 2021 Meeting Agenda

## JEDI Initiative Planning

- Write statement for CoopExt materials that states our commitment to social justice to be added to website and printed materials
- 2) Develop webpage with JEDI Resources for CoopExt faculty and staff, including:
  - a) CoopExt social justice statement [TBD]
    - i) Note from Dr. Brown:
      - (1) What I would find useful is a Footer that could be used on project reports, fact sheets, powerpoint slides, etc. Something that was RICE-wide, not specifically for MG. You are doing a great job with branding stuff coming out of 4-H and the Mallon Center, but we need a way to extend that to the material created by faculty, and by folks such as Andy and Heather.
  - b) Instructions and language for collecting demographic information at time of registration
  - c) Social justice-related resources:
    - i) Contents of <u>MG volunteer resources portal</u> (password "seeds")
    - ii) Contents of JEDI Training opportunities for CoopExt faculty & staff
    - iii) Contents of <u>CoopExt social justice resources page</u>
    - iv) <u>Funding opportunities for JEDI-related programming and</u> <u>Improvements</u>
    - v) Notes on relevant CoopExt initiatives:
      - (1) <u>Active and Potential Narragansett Indian Tribe/URI Extension</u> projects

## New Website with Resources for Increasing Engagement in CoopExt Programs

- 1) https://web.uri.edu/coopext/staff-resources/
  - a) Add link to "<u>How to Make Your Teaching More Engaging</u>" article on page
  - b) Add link to new social justice resources page (see above)
