Approval of minutes from August 27th meeting.

Action: Minutes were approved

New Faculty Senate website – replace the “where is my proposal” document?

Action: Committee decided to replace “where is my proposal” with the new website maintained by the Faculty Senate office.

Proposals for Review

EEC 430 – Water Resource Economics - New permanent course

Action: Approved with suggestion to make minor changes (office hours, textbooks, and student learning outcomes)

GEO 533 – Readings in Petrology and Geochemistry - Change in grading method from S/U to graded

Action: Returned for changes including describing the criteria for different number of credits, more detailed description of assignments, and addition of assignment due dates and grading scales

MAF 345X – Environmental Decision Making and Behavior - New temporary course

Action: Approved with minor changes to the proposal form (catalog description and credits) and syllabus (contacting the professor and clarification of exams/assignments). Suggested faculty member contact the Political Science department to ensure no overlap with existing courses.

MAF 381X – Gender, Race, and Class in Coastal Societies - New temporary course

Action: Approved with minor changes in the proposal form (instructor, course number, and rationale) and syllabus (student learning outcomes).

Community Planning – Graduate Certificate in Community Planning – New Program, using existing courses

Action: Program approved with addition of CIP code and minor change in student learning outcome.

Nutrition and Food Sciences - MS in Dietetics – New Program (with addition of 11 new courses)

Action: Program and courses approved.
