

**DIRECTIONS TO THE COASTAL INSTITUTE,
1 Greenhouse Road
URI KINGSTON campus**

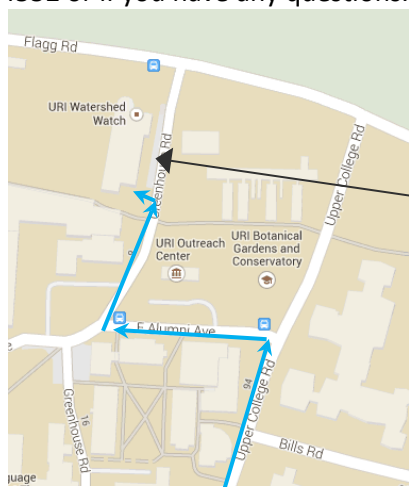

From Points North

1. Take **Route 95 south, to Route 4 south, to Route 1 south**. The Route 4 exit is #9, a *left* exit. It is the only left exit. Route 4 flows into Route 1 (at a traffic light.) This is where Rte 138 from Newport and points east also joins with Rte 1 at this point.
2. **Head south on Route 1**. Just after the Verizon repair facility & Holiday Inn, **turn right at the traffic light onto Route 138 West**.
3. **Turn right at the second traffic light onto Upper College Road**. You will see the granite URI sign at the light.
4. **Follow this road to the Fine Arts Center at the corner of Upper College and Bill's Rd**.
5. **Turn left onto East Alumni Ave. across from the entrance to the Fine Arts Building**.
6. **Take first right onto Greenhouse Road**, just past the glass engineering building on the left.
7. **The Coastal Institute in Kingston building is the third building on the left** after turning onto Greenhouse Rd. It is brick with a large blue steel annex right next to the street. There is a driveway to the loading door where equipment, bottles, etc. will be exchanged with WW at the southern end of the building, which is only accessible by car from this direction as part of Greenhouse Road is now one-way, away from the loading area. Parking may be available in front of the CIK or across the street in the lot.
8. **For 2020, please call us at 401-874-2905 to let us know you have dropped off samples** so we can come get them after you complete the log sheet and pick-up your replacement bottles. Or call if you have questions – we are hoping to limit face-to-face contact this season to protect us all.

From Points South

1. Take Route 95 north, exit at **Route 138 East (exit 3A)**. You will drive on Route 138 for about 10 miles.
2. **Turn left at the fourth traffic light onto Upper College Road**, at the granite URI sign on your left at the light.
3. Continue with directions from #4 above.

Please contact us in advance to be sure we have supplies/bottles ready for you when you arrive – eherron@uri.edu, 401-874-4552 or if you have any questions. Stay healthy!

The loading area to the CIK on Greenhouse Rd is ONLY accessible from East Alumni Ave now due to a new traffic flow

**Coastal Institute in Kingston
Home to URI Watershed Watch
(follow blue arrows)**

(Weekday parking available in the loading ramp at the south end of the building – which is where bottles will be delivered and picked up. Weekend parking available in front of the building and across the street in the large lot)
