## General Education Guidelines:

General education is 40 credits. Each of the twelve outcomes (A1-D1) must be met by at least 3 credits. A single course may meet more than one outcome, but cannot be double counted towards the 40 credit total. At least one course must be a Grand Challenge (G). No more than twelve credits can have the same course code. General education courses may also be used to meet requirements of the major or minor when appropriate.

## LIST COURSES THAT MEET GENERAL EDUCATION:

| General Education Credit Count |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| At least 40 credits, no more than 12 credits with the same course code |  |  |  |  |  |
| Course | Credit | Grade | Course | Credit | Grade |
| *NRS100 | 3 |  |  |  |  |

## ABOUT THE BS IN ENVIRONMENTAL \& NATURAL RESOURCE ECONOMICS: ENVIRONMENTAL ECONOMICS MANAGEMENT (EEM) OPTION:

Environmental Economics \& Management option offers students classes that blend the natural, physical, and economic sciences. The option is recommended for students interested in biodiversity conservation, land and water conservation, natural hazards, and global climate change, and those seeking a career in government agencies and non-governmental organizations dealing with these environmental issues. EEM has a stronger emphasis on the environmental sciences and prepares students to analyze problems of natural resources management by having a broader understanding of relationships between the processes of the physical and biological world, and of the economic systems. Please consult the Environmental \& Natural Resource Economics website at: http://web.uri.edu/enre/.
