## ABOUT THE BS in BIOLOGICAL SCIENCES:

The B.S. in Biological Sciences provides extensive training in fundamental biological principles while allowing students to specialize in subdisciplines such as ecology, evolution, genetics, physiology, molecular, cell, or developmental biology. We emphasize exposure to ongoing research that seeks to expand the frontiers of science; students are encouraged to work with faculty and researchers to develop and conduct original research in their chosen field. Graduates work in a variety of fields, enroll in medical, dental, or veterinary schools, or pursue graduate work in the biological sciences.

## Plant, Animal, and Lab Course requirements

The courses selected satisfy the CORE and BIO Elective requirements, and must include one course from the Animal list, one course from the Plant list, and 3 courses that include a laboratory, or stand-alone laboratory courses (BIO 103, 104, 491 and 492 excluded )

Animal Course List (3-4 credits): BIO 201, 220, 222, 223, 286, 300, 301, 302, 350, 354, 355, 366, 385, 388, 404, 412, 417, 419, 422, 425G, 444, 467
Plant Course List (3-4 credits): BIO 308, 310, 311, 321, 323, 332, 346, 365, 416
Laboratory Courses (3): Labs that fulfill the BIO Core or the Plant or Animal biology requirements may also be used to fulfill the lab requirement though the credit is counted only once

## Biological Sciences - B.S.

120 Earned Credits Total

## General Education Guidelines:

General education is 40 credits. Each of the twelve outcomes (A1-D1) must be met by at least 3 credits. A single course may meet more than one outcome, but cannot be double counted towards the 40 credit total. At least one course must be a Grand Challenge (G). No more than twelve credits can have the same course code. General education courses may also be used to meet requirements of the major or minor when appropriate. https://web.uri.edu/general-education/

The requirement for transfer to CELS from University College for Academic Success is:
Minimum 30 credits and a grade of C or better in the following: BIO 101 or 101H, 103, 102, and 104; and min. of C- in CHM 101.
