General education is 40 credits. Each of the twelve outcomes (A1-D1) must be met by at least 3 credits. A single course may meet more than one outcome, but cannot be double counted towards the 40 credit total. At least one course must be a Grand Challenge (G). No more than twelve credits can have the same course code. General education courses may also be used to meet requirements of the major or minor when appropriate. The requirements listed on this curriculum sheet are subject to change based on final faculty senate approval.

Requirement to transfer out of University College for Academic Success: Must have completed at least 30 credits with a minimum cumulative 2.0 GPA, and a grade of C or higher in BIO 101, 103, 102, and 104
