ABOUT THE ART BFA DEGREE:

The BFA Program in Art includes painting and drawing, sculpture, printmaking, film and video, digital art and design, and photography. Students work in various media to develop technical skills and to provide opportunities for creative expression as well as hands-on practical experience working closely with artist/instructors in classroom settings and one-to-one exchanges. The program educates students in the understanding, production, and analysis of visual art and culture.
