## CHINESE FLAGSHIP (Track B)- Class of 2023 (Entering Fall 2018)

The BA program in Chinese requires a minimum of 30 credits. You must take one CHN class in each semester, at least two 400-level CHN courses (or CHN 315/316 or CHN 315H/316H), and at least two Chinese/Asian culture courses from the following: HIS 171, 374; PHL 331; PSC 116, 377; RLS 131; THE 382

Please note you will need to pay a "credit overload" fee for each credit enrolled above 19 in any given semester (you will also need permission from your Dean's Office to do so). Summer and Winter coursework similarly incur additional costs beyond your fall and spring semester tuition. Courses marked with an asterisk (\*) are strongly recommended.

General Education Outcomes can be completed when possible, including while abroad (one CHN course will cover outcomes A3 and C2)

Requirements for each College of Engineering major can be found at: <a href="http://uri.edu/engineering/students/program-curriculum-check-sheets/">http://uri.edu/engineering/students/program-curriculum-check-sheets/</a> Freshman Year Fall Semester Freshman Year Spring Semester CHN 111 CHN 112 Intensive Beginning Chinese I Intensive Beginning Chinese II 4 Sophomore Year Fall Semester **Sophomore Year Spring Semester** CHN 113 Intensive Intermediate Chinese I 4 CHN 114 Intensive Intermediate Chinese II 4 Junior Year Fall Semester **Junior Year Spring Semester CHN 215** Intensive Conversation and **CHN 216** Intensive Conversation and Composition Composition I CHN 3XX\* - Summer Semester Senior Year Fall Semester Senior Year Spring Semester CHN 315 Intensive Advanced Chinese for **CHN 316** Intensive Advanced Chinese for 4 Flagship I Flagship II CHN/EGR 413 Advanced Technical Chinese 3-4 Semester Abroad **International Internship Semester** CHN 4XX 3-8 CHN 4xx Language Study Abroad depending on partner university abroad Approved Professional Elective 3 *Note:* This is a sample of the coursework you may be able to complete while abroad. Engineering majors on average satisfy one professional elective and one general education outcome General Education Outcome(s)\* 3 while abroad that will apply to their BS requirements. You are 3 General Education Outcome(s)\* responsible to complete all engineering requirements as outlined on the engineering curriculum sheet you are following. Credits completed abroad will vary by what is offered, your eligibility, and your own success.

## **Preapproved Engineering Curriculum Adjustments:**

Do not deter from the prescribed engineering curriculum sheet you are following unless confirmed with your engineering advisor. The following preapproved adjustments correspond to the engineering-specific curriculum sheet you are following:

*Chemical Engineering*: ECN 201 should most easily fit in the Sophomore Year Fall semester (although can be taken in any Fall or Spring semester, and is normally offered in the Summer). For Pharm Track, CMB 211 should be attempted in the Junior Year Fall semester.

*Civil Engineering*: STA 409 should be attempted in the Junior Year Spring semester (seek to complete 1 Professional Elective during your year abroad or during a Summer or Winter term at URI). CVE 355 can be taken in the Senior Year Fall Semester (your 5<sup>th</sup> year, after you return from your year abroad).

*Industrial and Systems Engineering*: enroll in MCE 201 in the Sophomore Year Fall Semester and ISE 240/241 in the Sophomore Year Spring Semester
