

Italian IEP students pursue two degrees simultaneously: a B.S. in an engineering discipline and a B.A. in Italian. Italian IEP students spend a semester at University of Calabria in southern Italy followed by an internship at a global engineering firm. Italian IEP students have two advisors: one in engineering, and one in Italian. For more information, see <http://uri.edu/iep/>.

Note: The academic plan below is a sample to demonstrate one way the dual degree program may be completed in 10 semesters. It is not meant to be a replacement for academic advising. Be sure to consult with both your language and engineering advisor regularly.

GENERAL EDUCATION CHECK LIST

English Communication (EC): _____

English Communication (ECw): _____

Letters (L): _____

Letters (L): _____

Social Science: _____

Social Science (use ECN 201): _____

Literature (400-level ITL Lit.): _____

Fine Arts: _____

BASIC LIBERAL STUDIES (GEN ED) REQUIREMENTS (See course catalog for more detail.)

English Communications (EC): 6 credits, must include a writing course (ECw). Can only take one of the following 100-level writing courses for General Education credit: WRT 104, WRT 105, WRT 106 (ECw).

Social Science (S): 6 credits, one course fulfilled by ECN 201, which is already required for OCE majors. Consider opting for a second course with a global or Italian focus.

Letters (L): 6 credits. Consider taking an Italian History or Philosophy class to fulfill one of your two general education Letters requirements.

Fine Arts and Literature (A):

1. 3 credits of literature: As an IEP student the 400-level Italian literature course fulfills the literature portion of the Fine Arts & Literature requirement. (NOTE: This is a special exemption. If you later drop the program but keep your language major you might need to take an additional literature course.)

2. 3 credits of fine arts: You must choose from music, theater, arts selections as indicated in catalog, or seek prior-approval for a comparable course abroad. Consider taking a course with an Italian focus.

Note: There are additional General Education Requirements in **Mathematical and Quantitative Reasoning**, **Natural Sciences**, and **Foreign Language/Cross-Cultural Competence**, which are fulfilled automatically through your progress toward your two degrees (B.S. in Engineering and B.A. in a Language).

REQUIREMENTS FOR THE OCEAN ENGINEERING MAJOR (See course catalog and department website for more detail.) CHE 333; CHM 101, 102; CVE 220; ECN 201; EGR 105, 106; MCE 262, 263, 354; MTH 141, 142, 243, 244; OCE 101, 205, 206, 215, 216, 301, 408, 310, 311, 416, 421, 471, 495, 496; OCG 451; PHY 203, 204, 205, 273, 274, 275; two approved 3-credit professional electives in Ocean Engineering; three approved 3-credit professional elective courses at the 300, 400 or 500 level in engineering, mathematics, or oceanography.

REQUIREMENTS FOR IEP ITALIAN MAJOR (See course catalog for more detail.) At least 30 credits in Italian, not including ITL 101, 102, 391, 392, 395. You must complete at least six credits at the 400-level.

SPECIAL NOTES FOR STUDENTS IN THE INTERNATIONAL ENGINEERING PROGRAM

- As a dual degree IEP student, you are a student of both the College and Arts & Sciences and the College of Engineering. Be sure to file for graduation (and any other paperwork such as a leave of absence, etc.) with the dean's office of each college.
- You have two academic advisors – one for your language major and one for your engineering major. Check with your engineering department and the IEP website for more information.
- Your general education requirements are determined by the College of Arts & Sciences Basic Liberal Studies Program for a Bachelor of Arts (not a B.S.). Consult the course catalog for details and verify any Gen Ed questions with your language advisor.

- As an IEP student, you are exempt from the one-course-per-discipline rule for the Letters, Natural Sciences, and Social Sciences Basic Liberal Studies Requirements of the College of Arts & Sciences. This is important to know in the event that you drop the program but still want to pursue your Italian major as a non-IEP student.
- You are required to complete a six-month professional internship abroad to be considered an IEP student.
- It is highly recommended that you precede your semester internship with a semester of study abroad through an IEP exchange. General education requirements, language major courses, free electives and engineering professional electives tend to be the easiest courses to find equivalents for overseas, so you might want to “hold” them for a semester abroad. Consult with your advisors and plan your semesters accordingly.
- It is YOUR responsibility to stay in contact with your engineering major advisor AND your language major advisor to make sure that you are fulfilling all requirements for both majors and your general education requirements.
