## IMPORTANT STUDENT INFORMATION

### GENERAL EDUCATION GUIDELINES:

General education is 40 credits. Each of the 12 outcomes (A1-D1) must be met by at least 3 credits. A single course may meet more than one outcome, but cannot be double counted towards the 40 credit total. At least one course must be a Grand Challenge (G). No more than 12 credits can have the same course code (HPR courses may have more than 12 credits). General education courses may also be used to meet the requirements of the major or minor when appropriate.

### TRANSFERRING FROM UNIVERSITY COLLEGE TO THE COLLEGE OF HEALTH SCIENCES AND KINESIOLOGY:

To transfer out of University College, you must have earned 24 credits, passed BIO 101, and have a minimum GPA of 2.0.

### INFORMATION ABOUT GRADUATE SCHOOL:

Some students are interested in attending graduate programs at the completion of their undergraduate degree. The following information should help students select the appropriate courses to qualify for graduate programs.

**Exercise Science:** At the completion of your undergraduate program, you will have the prerequisites necessary to qualify for the URI graduate program in exercise science, as well as other programs across the U.S. Exercise Science graduate programs often vary in focus. Work with your academic advisor in selecting programs.

**Physical Therapy:** Students Interested in pursuing a Doctorate in Physical Therapy can view a list of physical therapy programs throughout the U.S. along with prerequisites, application deadline dates, PT observations requirements and GRE requirements by program at <http://www.ptcas.org/ProgramPrereqs/>

University of Rhode Island PT School Prerequisites:

- 12 credits of Biology: BIO 101, 220/221, 222/223 (required in pre-professional track)
- 8 credits of Chemistry: CHM 103, 105, 124, 126 (required in pre-professional track)
- 8 credits of Physics: PHY 111, 185, 112, 186 (use free elective or general education credit)
- 6 credits of Psychology including a second level PSY course (e.g., developmental, adolescent, social...): PSY 113 required; use free elective or general education credit for second level course
- 3 Credits of Pre-Calculus: use free elective or general education credit to take MTH 111
- 3 credits of Statistics: (required in pre-professional track)
- 3 credits of Communication: COM 100 required

Note: Other PT programs often include additional/different prerequisites such as requiring BIO 102 or requiring a higher level chemistry (CHM 101 in place of CHM 103). For specific information about individual schools, students are encouraged to review individual web sites for schools that they are interested in attending so that they can use free elective or general education courses to fulfill any additional requirements.

**Occupational Therapy:** There is little consistency in prerequisites among graduate programs in occupational therapy. A list of OT program by state can be found at <http://www.aota.org?Education-Careers/Find-School.aspx>. For specific information about prerequisites for individual schools of interest, students are encouraged to review individual websites. Free elective or general education courses can be used to fulfill any additional requirements.

**Physician Assistant:** PA programs typically require chemistry courses at a higher level than required by KIN (e.g., CHM 101 and 102 and CMB 311 in place of CHM 103 and 105 and CMB 210 – these can be substituted) and additional basic science courses. For targeted advising, students interested in PA should register at <http://web.uri.edu/prehealth/> and contact the Pre-Health Professions Advising Program during their freshman year.

**PROFESSIONAL CONTENT AREA COURSE PREREQUISITES/NOTES**

CHM 105	Credit or concurrent enrollment in CHM 103
CHM 124	CHM 101 or 103 with a grade of C- or better
CHM 126	CHM 102 or 105 & credit or concurrent enrollment in CHM 124
CMB 210	CHM 124 and one college year of BIO
BIO 221	Credit or concurrent enrollment in BIO 220
BIO 223	Credit or concurrent enrollment in BIO 222
PSY 200	PSY 113, sophomore standing, one math course
STA 307	MTH 107 or 108 or 131 or 141
STA 308	MTH 107 or 110 or 111 or 131 or 141 or BUS 111
KIN 369	Math gen ed requirement & completion of 30 credits
KIN 425	KIN 275 and junior standing
KIN 414	BIO 222, KIN 370, & KIN 320; not offered every semester
KIN 420	KIN 300, KIN 301, & KIN 325
NFS 360	NSF 207 or 210 & Kin 275 or BIO 222; not offered every semester

These are examples only. Depending on course availability, your schedule may vary from this slightly, especially if you take summer or J-term classes. It is recommended that you keep your schedule as close to this example as possible. BIO 222 is a prerequisite for most KIN classes so it must be taken early in your program (preferably by fall of your Sophomore year.)
