### Landscape Architecture-BLA THE UNIVERSITY OF RHODE ISLAND FALL 2020-SPRING 2021

126 Credits Total 98 Credits in Major

#### ABOUT THE LANDSCAPE ARCHITECTURE DEGREE:

The Bachelor of Landscape Architecture degree (BLA) is designed to educate undergraduates for careers in design, planning, preservation and restoration of the landscape by applying art, science and technology to achieve the best use of land and water resources. Graduates are employed in the public sector (government) and private sector including in landscape architecture, architecture, planning, and engineering firms as well as in design-build, construction and horticultural related fields.

Students accepted into Landscape Architecture are required to maintain a GPA of 2.50 or higher with no LAR grades below a C. Students failing to maintain this minimum may be removed from the program. Students are required to own a PC laptop computer by the time they enter the program. Specifications are available from the Landscape Architecture Program office or from Ram Computer. Students will be reviewed twice while in the program: first for admission into the lowerdivision design sequence and again for admission into the upper-division BLA major. See your advisor for details.

**GENERAL EDUCATION GUIDELINES:** General education is 40 credits. Each of the twelve outcomes (A1-D1) must be met by at least 3 credits. A single course may meet more than one outcome, but cannot be double counted towards the 40 credit total. At least one course must be a Grand Challenge (G). No more than twelve credits can have the same course code (note- HPR courses may have more than 12 credits). General education courses may also be used to meet requirements of the major or minor when appropriate.
