

ABOUT THE POLITICAL SCIENCE DEGREE:

The BA program in Political Science includes the study of governments, political philosophy, law, international political organizations, civil and international conflict, public policies, political processes, political movements, campaigns and political behavior. Political scientists use both humanistic and scientific methodological approaches to rigorously examine political phenomena. Those interested in critical issues such as health, the environment, political campaigns, civil rights, international conflict and civil war should consider studying political science.

STEP 1:

42 credits at the 300-level or higher

(major and general education courses may fulfill this requirement)
