

Spanish IEP students pursue two degrees simultaneously: a B.S. in an engineering discipline and a B.A. in Spanish. Spanish IEP students study abroad in Spain, Mexico or Chile. Spanish partner universities include the University of Navarra, University of Cantabria and University of Zaragoza. In Mexico, the program partners with the Monterrey Institute of Technology and Higher Education, and in Chile, with Pontificia Universidad Católica de Valparaiso in Chile. After their semester at a partner university, students complete internships in Spain or in Latin America. Students have interned at Hilti in Spain and Sensata in Mexico, among other companies. GENERAL EDUCATION CHECK LIST

English Communication (EC): _____

Social Science: _____

English Communication (ECw): _____
Letters (L): _____
Letters (L): _____

Social Science (use ECN 201): _____
Literature (400-level SPA Lit.): _____
Fine Arts: _____

BASIC LIBERAL STUDIES (GEN ED) REQUIREMENTS (See course catalog for more detail.)

English Communications (EC): 6 credits, must include writing course (ECw). Can only take one of the following 100-level writing courses for General Education credit: WRT 104, WRT 105, WRT 106 (ECw).

Social Science (S): 6 credits, one course fulfilled by ECN 201, which is already required for engineering majors. Consider opting for a second course with a global or Spanish focus.

Letters (L): 6 credits. Consider taking a Spanish History or Philosophy class to fulfill one of your two general education Letters requirements.

Fine Arts and Literature (A):

1. **3 credits of literature:** As an IEP student the 400-level Spanish literature course fulfills the literature portion of the Fine Arts & Literature requirement. (NOTE: This is a special exemption. If you later drop the program but keep your language major you might need to take an additional literature course.)

2. **3 credits of fine arts:** You must choose from music, theater, arts selections as indicated in catalog, or seek prior approval for a comparable course abroad. Consider taking a course with a Spanish focus.

Note: There are additional General Education Requirements in **Mathematical and Quantitative Reasoning**, **Natural Sciences**, and **Foreign Language/Cross-Cultural Competence**, which are fulfilled automatically through your progress toward your two degrees (B.S. in Engineering and B.A. in a Language).

REQUIREMENTS FOR THE MECHANICAL ENGINEERING MAJOR (See course catalog and department website for more detail.) CHM 101, 102, 333; CVE 220; ECN 201; EGR 105, 106; ELE 220; ISE 240, 241; MCE 201, 262, 263, 301, 302, 313, 341, 348, 354, 366, 372, 401, 402, 414; MTH 141, 142, 243, 244; PHY 203, 204, 205, 273, 274, 275; three MCE professional electives (2 of which must be taken at URI) and one additional professional elective (300-, 400- or 500-level course offered by the COE, or the Dept. of: Chemistry, Physics, Computer Science & Statistics; or a 400- or 500-level mathematics course). One professional elective may be fulfilled by EGR/SPA 412 with prior approval. Professional elective courses taken outside URI are subject to URI rules on transfer credit and require prior written approval.

REQUIREMENTS FOR IEP SPANISH MAJOR (See course catalog for more detail.) 30 credit in SPA at the 103-level and above, including 312, 316, 317, 321, 325, a 400-level engineering course taught in Spanish, and a 400-level literature course. IEP students beginning their study of Spanish at the 200-level or higher may opt to take up to six credits of Portuguese toward the completion of the major in Spanish. SPA 321 must be taken prior to the internship experience.

SPECIAL NOTES FOR STUDENTS IN THE INTERNATIONAL ENGINEERING PROGRAM

- As a dual degree IEP student, you are a student of both the College and Arts & Sciences and the College of Engineering. Be sure to file for graduation (and any other paperwork such as a leave of absence, etc.) with the dean's office of each college.

- You have two academic advisors – one for your language major and one for your engineering major. The Spanish advisor for all IEP students is Dr. Megan Echevarría (mme@uri.edu). You can check with your engineering department to find out who has been assigned as your advisor.
- Your general education requirements are determined by the College of Arts & Sciences Basic Liberal Studies Program for a Bachelor of Arts (not a B.S.). Consult the course catalog for details and verify any Gen Ed questions with your language advisor.
- As an IEP student, you are exempt from the one-course-per-discipline rule for the Letters, Natural Sciences, and Social Sciences Basic Liberal Studies Requirements of the College of Arts & Sciences. This is important to know in the event that you drop the program but still want to pursue your Spanish major as a non-IEP student.
- You are required to complete a six-month professional internship abroad to be considered an IEP student.
- It is highly recommended that you precede your semester internship with a semester of study abroad through an IEP exchange. General education requirements, language major courses, free electives and engineering professional electives tend to be the easiest courses to find equivalents for overseas, so you might want to “hold” them for a semester abroad. Consult with your advisors and plan your semesters accordingly.
- It is YOUR responsibility to stay in contact with your engineering major advisor AND your language major advisor (Dr. Echevarría) to make sure that you are fulfilling all requirements for both majors and your general education requirements.
