**ABOUT THE TEXTILES, FASHION MERCHANDISING AND DESIGN BS DEGREE:** -120 credits total – 76 credits in major

The TMD program allows students to focus in apparel merchandising, apparel design, textile science or historic clothing and textiles. The program educates students in the textile and apparel supply chain from textiles to apparel design and retailing. Students develop technical, creative, business and critical thinking skills through hands-on practical experience working closely with instructors in classroom setting and one-to-one exchanges

**GENERAL EDUCATION GUIDELINES:** General education - 40 credits. Each of the twelve outcomes (A1-D1) must be met by at least 3 credits. A single course may meet more than one outcome, but cannot be double counted towards the 40 credit total. At least one course must be a Grand Challenge (G). No more than 12 credits can have the same course code (note – HPR courses may have more than 12 credits). General education courses may also be used to meet requirements of the major or minor when appropriate.

Seniors who have a 3.0 or above may take TMD graduate courses. Work in each of these areas can be extended with “Special Problems” courses TMD 361/362 under the supervision of a TMD faculty member who teaches in that area.

#### **PROFESSIONAL ELECTIVES:**

Professional electives are 18 credits (six 3 credit courses) from outside the TMD Department that will help a student professionally. Three of the courses (9 credits) must be taken from the same department. If all 18 credits are taken in the same department, a “minor” may be earned (see below).

Choice of professional electives should be made in consultation with the advisor. Courses may be selected from a range of subjects such as business, art, consumer studies, and chemistry. Any 18 credits (at least 9 from the same department) that can be justified as advantageous to a career in the field of Textiles, Fashion Merchandising and Design will fulfill the professional electives requirement.

#### **MINOR FIELD OF STUDY:**

Students are encouraged to pursue a minor field of study. 18 credits in one field can be used to establish a minor. Check the specific department’s minor requirements as you begin this process. You must get the approval a) of the department chairperson of the minor field **and** b) College of Business Dean’s Office on a Minor Field of Study form before the last semester prior to graduation.
