

# Illness & Injury Report Form

*Supervisors and workers should be on the lookout for sick or injured workers. Workers must report illness or injury to supervisor. The sick workers should not work with fresh produce until their symptoms clear up. All lesions, wounds or other injuries must be bandaged or covered to prevent potential contamination.*

Farm Name and Address:

Today's Date	Worker Name:	Person Completing Report:	Date and Time of Injury/Sickness:	Details/Symptoms of Injury/Sickness:	Action Taken:	Date Employee expects to return to work:
