PREAMBLE

It is agreed that the purpose of this Agreement is to carry out the policy of the State and the University of Rhode Island by encouraging a more harmonious and cooperative relationship between the State, the University and its employees by providing for procedures which will facilitate the free and frequent communications between the State, the University and its employees.

The State, the University and the Association recognize that members of the Education Support Professionals/URI/NEA are an invaluable resource, and perform a vital service to the University. The professional way in which they perform their duties contributes greatly to the efficient way in which the University operates.

The State, The University and the Association further recognize the high level of responsibility members of our unit have assumed, and the many contributions to the University members of our unit have rendered, and it will be reflected in the respect received. It is agreed that members of the Association will be able to further their contributions to the University by serving as members of the various University Committees and by becoming part of the policy making mechanism that is unique to the University Community.

The State, the University, and the Association agree to encourage personal and professional development by offering educational programs affording members of our unit opportunities to take incentive courses and develop training skills. The University further agrees that by encouraging these programs, they will be developing the inner strength of our membership, and the University understands the benefits that will be derived. The State, the University, and the Association agree to work to improve the classified system so that it becomes a system which encourages equality and upward mobility.

These above-stated concerns are primary motivations for the parties to enter into this Agreement.

No negotiated Settlement Agreements or Memorandums of Agreements entered into after the ratification of this Agreement will have precedential effect, amend this agreement, or provide for wage rate adjustments unless they are signed by the Director of Administration or his/her designee.

ARTICLE I

Recognition

The State hereby recognizes the Association as the sole and exclusive bargaining agent for all employees within the bargaining unit. The bargaining unit consists of those

classes of position found appropriate as a result of the petition submitted in Case Number EEN3109.

The State agrees that no employee shall be discriminated against, intimidated, or coerced in the exercise of her right to bargain collectively through the Association, or on account of her membership in or activities on behalf of the Association.

No person or persons represented by the exclusive negotiating agent shall bargain individually or collectively with the State concerning any terms or conditions of employment except through the authorized representatives of the ESP/URI/NEA as provided in the State Labor Relations Act.

ARTICLE II

Non-Discrimination Clause

The State and the Association agree not to discriminate in any way against employees covered by this Agreement on account of race, religion, creed, color, national origin, sex, age, marital status, physical handicap, political affiliation, parental status, gender identity and expression, or sexual preference.

All references to employees in the Agreement designate both sexes, and wherever the female gender is used, it shall be construed to include male and female employees.

The Association and the employer shall not discriminate against, interfere with, restrain or coerce an employee from exercising the right to join or not to join the Association and will not discriminate against the employee in the administration of this Agreement because of membership or non-membership in the Association.

Nothing in this Agreement shall be construed so as to prevent compliance with any obligation imposed by the Americans with Disabilities Act of 1990.

The State and the Union agree to establish a Committee consisting of representatives from both parties to explore affirmative employment action, and if possible, to enter into a letter of understanding.

In accordance with University policy, sexual harassment shall not be allowed.

ARTICLE III

Dues Deductions-Agency Shop

Membership in any employee organization may be determined by each individual employee, provided, however, that all non-members of the exclusive representative

organization shall pay to the exclusive organization a service charge as a contribution toward the negotiation and administration of any collective bargaining agreement in an amount equal to the regular bi-weekly membership dues of said organization.

The State Controller shall, upon certification of the exclusive organization, deduct bi-weekly from said employee's salary said above amount and remit the same to the treasurer of the exclusive bargaining organization. The State will not deduct dues for membership in any other Union.

The State Controller shall also deduct Association dues from the wages of those members who authorized the State to do so in writing and shall forward promptly to the treasurer of the Association a check representing the amount so deducted.

The appointing authority shall give written notice to the treasurer of the Association of those employees within the respective bargaining unit who become eligible for membership in the Association.

ARTICLE IV

Rights of the Association

- A.** Designated Association members and/or officers shall be granted time with pay during working hours to investigate and seek to settle grievances. In addition, time with pay will be granted to attend hearings and to attend other meetings and conferences on contract negotiations with State officials.
Such time shall be with the approval of the department director involved, and such approval shall not be unreasonably withheld. It is understood that full accountability for the use of such paid leave is a legitimate management concern.
- B.** No Association steward or committee member or representative shall be discriminated against as a result of performance of legitimate Association business.
- C.** The Association shall furnish the State and University with a written list of its officers immediately after their designation and shall promptly notify the State and University of any change in such officers.
- D.** Association representatives will be permitted to visit Association officers and committee members on State premises for the purpose of discussing Association business.
- E.** The Association shall have the right to use the University Central Mail System for communications, including mass distribution, subject to University policy. The Association will be assigned reasonable bulletin boards for the exclusive use of the Union on all campuses of the University.

- F.** Nothing contained herein shall be construed to deny or restrict any employee rights she may have under the General Laws of the State of Rhode Island or other applicable laws and regulations.
- G.** The State recognizes the Association's rights to have access to information relative to budget requests and authorization and staffing projections as it affects the members of the bargaining unit, register of personnel, names and addresses and salaries and steps of all employees in the bargaining unit, and agenda and minutes of all open Board of Governors. Upon written request, the Association shall furnish information requested by the University.
- H.** The University Administration shall inform the Association as to new or modified, long-range institutional planning at least thirty (30) work days prior to the implementation of any plans that would affect members of the bargaining unit. Upon notification, the Association may meet with the Administration for the purpose of discussing the above-mentioned plans.
- I.** The President of the University, the Personnel Director or the Labor Relations Administrator will meet with the President of the Association upon request at a mutually convenient time.
- J.** It is hereby agreed that a representative appointed by the President of the Association may be included on all search and screening committees for Chief University Administrators.
- K.** The University commits itself to strive for more balance in making appointments to committees in a continuing effort to increase participation. Furthermore, the University reaffirms its belief that the outcome of committee activities are meaningful only to the extent that the composition of committees represents a cross-section of the University community. Appointed committee members may be granted leave with pay to attend committee meetings held during regular hours of work. Such leave will not be unreasonably withheld.

Therefore, the President of the University will appoint a member of the bargaining unit to the following committees:

- The Space Allocation Committee
- Safety Committee
- The Affirmative Action Committee
- The Student Employment committee

The President of the University will notify the President of the Association of all appointments.

- L.** The Association shall be allowed to rent space similar to that rented by other Unions. Space will be provided within 60 days of the signing of this Agreement.

- M. An employee shall have the right to talk with a Union representative concerning Union business during working hours free from employer domination or interference.
- N. The Union shall be notified, in writing, of any emergency appointments, stating name(s), of employee(s), department or division and employment dates.

ARTICLE V

Personal Freedom

The political or religious activities of any employee shall not at any time affect her employment or be grounds for discipline or discrimination subject to the limitations of the Merit System enumerated in 36-4-63.

Every member of the bargaining unit shall have the right to join and participate in the activities of the Association without prejudice of any kind.

ARTICLE VI

Conditions of Employment

A. Health, Safety, and Welfare

The State and University shall provide and maintain safe working conditions relating to the health, welfare, and safety of the employee and make a conscientious effort to maintain standards comparable with OSHA standards.

1. Conditions

- a. The University shall provide employees with toilet facilities with locks, cool, clean drinking water and hot water within reasonable access to the employee's work area. (Reasonable shall mean within the building of employment excluding trailers).
- b. Every effort will be made to provide all offices and work areas with natural or mechanical systems of ventilation.
- c. If the temperature in any area is such to negate the employee's ability to function adequately, for a period of more than ninety (90) consecutive minutes, the employee will be assigned to an area for the remainder of the work day where the temperature is appropriate to enable the employee to function adequately.

- d. Every effort will be made to ensure that parking areas will be lighted, and cleared of ice and snow during winter.
- e. In the event of a bomb scare, the building will be searched and declared safe by trained personnel before employees are required to return to work.
- f. The University will make every effort to provide suitable space for an employee's lounge in each office building. If this is not possible, then a space in each building will be set aside for the exclusive use of employees for coffee breaks and lunch. All buildings currently having an employees' lounge which has been designated as such shall continue to provide a lounge within the building.
- g. In the event of a power outage that exceeds ninety (90) consecutive minutes in an affected area, the employee will have the option to:
 - 1. Remain in the affected area, or
 - 2. Take leave without pay for the remainder of work day, or
 - 3. Take vacation or personal leave for the remainder of the work day, or
 - 4. Move to an unaffected area.

B. University-wide Safety Committee

The State shall make every reasonable effort to provide and maintain safe working conditions relating to the safety and health of employees. The University will appoint a representative to the University-wide Safety Committee.

A University-wide Safety Committee shall be appointed composed of two (2) representatives selected by the Association and two (2) representatives of the University appointed by the State. Said Committee shall appoint its own chairperson and shall meet when it is determined by two (2) or more members that such a meeting is warranted (not to exceed more than two (2) meetings per month). The University-wide Safety Committee shall be responsible for the securing, locating, and maintaining of a first aid kit for each work area designated by the Committee, such material to be furnished by the State and the University.

All safety and health problems shall first be discussed by the employee and the University's designee and the Association's representative. If they are unable to resolve the matter, it shall be referred to the next University-wide safety meeting,

provided, however, that any situation that may place in jeopardy the life, limb, or physical and/or mental health of an employee shall be immediately resolved by the University's designee, Association representative, and a representative of the Physical Plant.

C. Miscellaneous Working Conditions

1. No employee shall be required to perform personal services for supervisors such as serving coffee, shopping, etc.
2. The University Administration shares the Association's concern that work performed for personal gain not be conducted during normal working hours or involve the use of University facilities. Members of the bargaining unit who question the propriety of a specific work assignment may refer the question to the appropriate department chair or manager for a decision. An appeal of that decision may be made to the Vice-President of Business and Finance. If the decision of the Vice-President is not acceptable, the decision may be appealed to the Assistant Director (Employee Relations) of the Department of Administration. The decision of the Assistant Director will be final and binding.
3. Employees who are required to assume additional responsibilities or perform work outside their classification shall be requested to do so in writing and be entitled to appeal through the Reclassification Appeals Procedure as provided for in this Agreement. If such written request is not made within twenty-four (24) hours, the employee need not perform the additional responsibilities.
4. Any employee whose salary is allocated from "soft" funds, either directly or indirectly shall be entitled to all the rights of the contract.
5. Employees will be informed of any change in supervisors prior to the new supervisor being employed in the new position.
6. All employees will be provided with identification cards by the University at no cost.
7. All privileges and benefits which employees have hitherto enjoyed shall be maintained and continued by the State and University for the term of this Agreement.
8. Any employee who believes she has been treated unfairly as it applies to her working conditions, or that her working conditions have been unfairly assigned, may have access to the Grievance Procedure (Article XII).

9. a. Employees not included in the recognized bargaining unit shall not perform work normally assigned to employees in the bargaining unit to displace said employees except in an emergency situation.
- b. The long standing practice of providing part-time employment as a University obligation to needy and worthy students will continue. Students shall not be employed to perform duties within the occupations represented by this bargaining unit for more than 20 hours per week per student except for vacation periods. Further, students shall be defined as those individuals carrying at least nine (9) credit hours per semester.

ARTICLE VII

Work Day and Work Week

- A.** It is hereby agreed that there shall be four (4) basic work weeks as follows:
1. Standard 35.0 Hours – A thirty-five (35) hour work week (five consecutive days of seven consecutive hours), Monday through Friday, exclusive of unpaid lunch periods.
 2. Standard 40.0 Hours – A forty (40) hour work week (five consecutive days of eight consecutive hours), Monday through Friday, exclusive of unpaid lunch periods.
 3. Non-Standard – 5 consecutive days of at least 7 consecutive hours each, exclusive of unpaid lunch periods.
 4. Non-Standard Non-Exempt – 5 consecutive days of at least 7 consecutive hours each, exclusive of unpaid lunch periods and who receive overtime pay at time and one half for all hours worked in excess of forty (40.0) hours.

Nothing herein alters or addresses the parties' rights or obligations concerning the peculiar work hours or work weeks.

B. Variable Work Week

Where variations in regular employee work schedules of 35 or 40 hours per week are necessary or desired, they may be arranged in advance with appropriate immediate supervisors upon consulting with the employees. If the affected employee does not agree with the change, he/she may avail himself/herself of his/her rights under the Grievance Procedure (Article XII). An employee whose work schedule requires him/her to work fourteen (14) or more hours of a thirty-

five (35) hour work week during the “evening tour of duty” or during the “night tour of duty” shall be paid a shift differential for his/her entire (35) hour work week. An employee whose work schedule requires him/her to work sixteen (16) or more hours of a forty (40) hour work week during the “evening tour of duty” or the “night tour of duty” shall be paid a shift differential for his/her entire forty (40) hour work week.

C. A flex work week schedule shall be defined as a work week, Sunday through Saturday, and shall consist of a total of thirty-five (35) hours in those classes of positions where applicable, or a total of forty (40) hours in those classes of positions where applicable, or an average of at least thirty-five (35) hours in those classes of positions where applicable.

1. A flex work schedule shall only be implemented at the sole discretion of the University. If the University decides to implement a flex work week schedule in any area or department, it shall follow the following procedure:

a. The University shall notify in writing the Union President and all affected employees at least thirty (30) days prior to the proposed date of implementation.

b. The University shall schedule a meeting within ten (10) days of said written notice between the Union President, all affected employees in the area or department, the employee’s supervisor(s), the University Personnel Office, and the Labor Relations Administrator or his designee.

c. A flex time work week will be implemented in an affected area or department only with mutual agreement between the Union President and the State. Should no agreement be reached, the then existing work week shall be retained.

d. In the event that it is not necessary for all employees in the affected area or department to work on a flex work week schedule, it shall be offered to employees on the basis of primary seniority.

e. Failure by the University to exercise its discretion in Section C-1 above shall not be subject to the grievance procedure.

D. 1. Those classifications/job titles currently in the bargaining unit, employed in a regular or variable thirty-five (35) hour work week, shall remain so employed.

2. Those classifications/job titles found newly appropriate to this bargaining unit which were heretofore forty (40) hour positions may be employed in a forty (40) hour week.
 3. Those classifications/job titles found newly appropriate to this bargaining unit which were heretofore non-standard work week positions may be employed in a non-standard work week.
 4. Any forty (40) hour classification/job title which was paid above the thirty-five (35) hour pay scale shall continue to be so compensated if placed in this bargaining unit.
- E.** All part-time employees in the bargaining unit employed in a minimum of sixteen (16) hours per week shall be entitled to annual leave and/or sick leave on a pro-rata basis. All part-time employees in the bargaining unit employed a minimum of twenty (20) hours per week shall be entitled to fringe benefits on a pro-rata basis.
- F.** Employees shall be granted a fifteen (15) minute coffee break during the first half and the second half of their work day. All employees shall be granted a meal period of not less than one-half (1/2) hour duration nor more than one (1) hour duration during each work day. Employees may leave their place of employment during the above-mentioned time periods.
- G.** Shift hours, upon being scheduled, will be posted.
- H.** When an employee is required in writing or orally by the appointing authority or his/her designee to work in a higher class of position for a period of more than three (3) consecutive working days, such employee shall receive the lowest salary rate of that higher class which will provide a pay increase of at least one (1) step over his/her present rate retroactive to the first day of such assignment. Written authorization or direction to an employee to work in a higher class of position shall be given to the employee within twenty-four (24) hours of said direction, and an employee may refuse such assignment if he/she does not receive such written authorization or direction.

The Local Union President or appropriate Union official shall be notified quarterly, either in writing or electronically, of every bargaining unit member assigned to work in a higher class of position pursuant to this article.

A three-day rule assignment for a bargaining unit position that is created by illness leave, injury leave, workers compensation leave, military leave or other leave where the employee has not vacated the position ("Encumbered Positions") will not exceed twelve (12) months. If at the end of the twelve (12) month period, the vacated position remains an Encumbered Position, the State may fill the position with additional three-day rule assignments of other employees. If at the

end of the twelve (12) month period the position is not Encumbered, it will be posted as a vacant position in accordance with Article XI(B)(2) of the collective bargaining agreement, provided the position is funded and approved to be filled. The twelve (12) month period for any of the employees serving in the assignment may be extended by mutual agreement of the parties.

A three-day rule assignment for a bargaining unit position that is created by termination, resignation or retirement will not exceed nine (9) months. Thereafter it will be posted as a vacant position in accordance with Article XI(B)(2) of the collective bargaining agreement provided the position is funded and approved to be filled. The nine (9) month period for any of the employees serving in the assignment may be extended by mutual agreement of the parties.

If at the end of the 3-day rule assignment period the position the employee is assigned to is not approved and funded, the assigned employee will be returned to their original pre-3-day rule assignment. Such positions will not be filled with another three-day rule assignment.

This provision will become effective upon ratification and the time frame set forth herein will begin to run at that point.

- I. Employees working sixteen (16) hours or more per week are in the bargaining unit.¹

ARTICLE VIII

Salary Schedule

- A. Wages

Pay Reduction

All employees shall receive a one day pay reduction (equivalent to ten percent (10%) of the bi-weekly total salary rate, excluding overtime) which will be effective for one (1) payroll period during June 2009 as designated by the State. Employees so affected will be entitled to accrue one (1) additional day of paid leave during that payroll period. This leave will accrue to part-time employees on a pro rated basis.

Employees may request to discharge this additional paid leave during any payroll period following the payroll period in which it was earned and/or elect cash payment for that one day in the fiscal year beginning July 2010 and until June 30, 2012. Any hours not discharged or paid as of June 30, 2012 will be lost.

¹ Language from MOA #4.

Balances of accrued vacation, sick and "deferred vacation" leave shall be paid at the pre-reduction rate of pay to employees who terminate or retire from State service during this salary reduction period.

Employees completing their in-service training incentive credits during the salary reduction period will be awarded the appropriate salary adjustment based on the pre-reduction rate of pay.

The State may waive the right to a pay reduction if there is sufficient funding.

- (1) There shall be an across-the-board wage increase of 2% effective April 6, 2014.
- (2) There shall be an across-the-board wage increase of 2% effective October 5, 2014.
- (3) There shall be an across-the-board wage increase of 2% effective October 4, 2014.
- (4) There will be a wage reopener for wages that will be effective on July 10, 2016. Unless agreed otherwise, the parties will engage in bargaining between April 30, 2016 and June 30, 2016 concerning said wage reopener.

- B.** An employee appointed from an employment or promotional list shall receive a one-step increase at the satisfactory completion of the probationary period and shall receive an additional one-step increase each year thereafter until she has reached the maximum of her grade.
- C.** Any employee who is appointed to a position in the bargaining unit for which there is no list shall receive a one-step increase after six (6) months of service and after each year of service thereafter in her classification until she has reached the maximum step in her pay grade.
- D.** Each employee shall be granted longevity increase according to the following formula:

YEARS OF SERVICE

PERCENTAGE INCREASE

5	5% of current salary
11	10% of current salary
15	15% of current salary
20	17.5% of current salary
25	20% of current salary

Each employee shall be granted longevity increases according to the existing formula, computation of longevity shall begin however, with the initial day of employment.

Effective July 1, 2012, notwithstanding any provision of the collective bargaining agreement to the contrary, an employee's eligibility for longevity stipends, including the amount thereof, shall be governed by the applications provisions of Article 8 of the FY 2012 Budget (P.L. 2011, ch. 151, art 8), as amended.

- E. Each employee who has successfully completed a four-course curriculum approved in advance by the Office of Training and Development, in the Department of Administration, shall be entitled to a one-step increment next above her current base step (or if the employee is at the maximum of the grade, an increment equal in amount to the difference between the last step in the pay range and that step immediately prior to it). If an employee moves into a higher classification, she may take an additional four-course curriculum subject to the above mentioned provisions contained herein. These incremental stipends shall be limited to a maximum of two in two different classifications. Any employee whose position is reclassified to a higher classification shall be eligible for only one four-course curriculum increment. Employees pursuing work related courses under these provisions may, subject to prior approval of their supervisor/manager, attend such courses during their normal working hours provided that the same course is not offered at a time the employee is not normally at work. Approval will not be unreasonably denied.
 - 1. Persons employed prior to July 1, 2001 shall remain covered by the existing provision of Article 8.E except that all incentive courses must receive prior approval from the Office of Training and Development in the Department of Administration.
 - 2. Persons first employed on or after July 1, 2001 shall retain said increment for not more than four years; provided they shall be eligible to earn additional increments, under the Incentive In-Service Training Program, by commencing additional training three years or more after final payment of the previously earned increment.
 - 3. A person employed prior to July 1, 2001 may become eligible for multiple increment payments under Paragraph 2 by submitting to the Department of

Administration's Office of Training and Development a written form giving up career increment retention under Paragraph 1.

- F. ESP/URI/NEA Classified Annual Salary Ranges (attached at the end of the contract).
- G. Classification Revision Committee

The State and the Union agree to continue in existence the Classification Revision Committee. It shall consist of two (2) representatives of the Union, (2) representatives of the State and one (1) representative mutually agreeable to the Committee. The purpose of this Committee shall be to study and review the position classifications, work responsibilities and pay grades of members of the bargaining unit. Either party may request a meeting of the group and that meeting will commence within two (2) weeks of the request. Recommendations of the Committee will be forwarded to the Union and Personnel Administrator for consideration. If the Union is not satisfied, they may appeal to the Director of Administration. If the Union is not satisfied with his decision, they may appeal to the Personnel Appeal Board. Action under this issue shall not be subject to the Grievance Procedure or Arbitration.

ARTICLE IX

Reclassification Appeals

- A. During the term of this Agreement, any employee who believes her responsibilities more closely resemble the job description of another classified position rather than the one assigned; or any employee asked to perform responsibilities out of classification, may appeal for reclassification to that position in the following manner:
 1. Make a request in writing for a desk audit to the Personnel Office at the University. The employee shall be furnished with a classification questionnaire within five (5) working days of said request.
 2. Within thirty (30) working days of receipt of the completed questionnaire, the employee's immediate supervisor and appointing authority shall forward said questionnaire to the State Office of Personnel Administration for study, and notify the employee and the Association when submitted. Appropriate University officials shall document whether the employee's statements are true and accurate, and whether they believe the employee is performing the work of a different classification.
 3. Within ninety (90) working days after receipt of said questionnaire, the Office of personnel Administration shall conduct a classification review and issue a written decision addressing the merits of the employee's claim

and will set forth specific reasons for its findings. A copy of this report will be forwarded to the employee, the Association and the University.

4. If an employee is reallocated from a standard to a non-standard job classification, any overtime earned during the retroactive period shall be an overpayment to the employee subject to repayment to the State. If the desk audit is favorable to the employee, the employee will be upgraded in the higher classification, and her pay shall be retroactive to the pay period closest to the date upon which the appeal was filed provided that the employee is on the certified list and is reachable if such list exists. For good cause, the University Personnel Office may withhold implementation of a favorable desk audit if they believe there is no continued need for the employee to perform the responsibilities for which the position was upgraded. The employee and the immediate supervisor will be informed in writing by the University Personnel Office which tasks the employee need no longer perform. This action must take place within 10 working days of receipt of the audit/review by the Association.
 5. If the classification questionnaire finds that the employee is not performing the duties of the desired classification, the employee may file an appeal pursuant to the provisions of the Merit System Law.
 6. If the appeal is granted, the employee will be upgraded and paid in accordance with Section A.4 of this Article.
- B.** The Association may assist the appellant at any step of the appeal.
- C.** Any appeal hearing conducted during the work day shall not result in the loss of pay for any employee who has filed an appeal or for any Association representatives assisting the appellant.

ARTICLE X

Overtime, Shift Differential, and Call In Time

- A.** Overtime
1. It is agreed that when it becomes necessary for the efficient conduct of the business of the State, an immediate supervisor may direct or authorize overtime work. Overtime work shall be a matter of record and distributed fairly and equally among employees capable of performing the work, in their respective department and class of position based on seniority. It is understood that an employee may decline overtime if she has seniority within that classification over other members of her department if other authorized personnel are available and willing to meet the need of management.

2. Overtime shall be defined as the required performance of work within the employee's classification in excess of the established work week.
3. Time and one-half shall be paid for work performed in excess of the established work week. However, in any event, an employee may elect to take compensatory time in lieu of cash, with the approval of the Supervisor.
4. Whenever an employee is required to work on a holiday which falls on her regularly scheduled work day, she will be credited with the number of hours in her official schedule for that day plus the number of hours actually worked at the rate of time and one-half.
5. Overtime work is to be made a matter of record and distributed fairly and equitably among employees capable of performing the work in their respective classification.
6. A record of overtime work will be furnished the Association at the close of each pay period following a request from the Union.
7. In the event that the Association has reason to believe that overtime is being unfairly and inequitably distributed within the bargaining unit, the Association may, upon request with reasonable notice, inspect records of overtime. Upon finding such inequities in granting overtime, the Association will file a group grievance.
8. If the Association finds repeated overtime by the same individuals is warranted and justified, the Union will petition the University to establish a permanent classified position in the area of the heavy workload thus relieving heavy overtime payments by the State.
9. Hours credited for holidays, vacation, and compensable injury, shall be considered as time worked for the purpose of computing overtime. Where the employee's work record gives evidence of abuse of sick leave, their manager may deny application of hours credit for sick leave for the purpose of computing overtime. It is understood that any denial will be for good and just cause and subject to the grievance procedure of this Contract.
10. Any employee may elect to accumulate compensatory time in lieu of paid overtime, at the overtime rate subject to the provisions of R.I.G.L. 36-4-63 when she/he is required by her/his supervisor to work in excess of the established work week for her/his classification in accordance with the following procedure:

- B. There shall be a grievance procedure as follows:
 1. A grievance shall be presented by the aggrieved to her immediate supervisor outside the bargaining unit within fifteen (15) working days after the employee knew or “should have known” of the act, event, and/or commencement of the condition which is the basis of the grievance. 4. All matters concerning changes in wage schedules, monetary fringe benefits, or any other matters requiring the appropriation of money shall not become a subject for arbitration. It is understood that this section shall not be applied to any obligation arising under this Agreement.

Examples of possible activities include completion of the Health Assessment, obtaining a primary care physician, wellness coaching programs, preventive screenings, non-smoker or completion of smoking cessation program, and/or participation in a program that measures key points in assessing an individual's overall health.

K. The State shall, after meeting and conferring with the Union, have the right to offer any other health care plans to State employees during the terms of this agreement provided participation is voluntary and such plans do not result in a higher employee co-share percentage. If the State offers such voluntary plans, those that elect to participate will be included in the pool of insured for the purpose of determining the working rate for the primary plan outlined in the Collective Bargaining Agreement. The provision will expire at 11:59 P.M., June 30, 2017.

When an employee reaches the required number of years of service which would increase his/her vacation entitlement, the State agrees to add without regard to accrual the additional up-front days on account of the increase in vacation entitlement. For example: An employee who reaches 20 years of service on September 1st would have five (5) additional vacation days added to his/her total of earned vacation credits. The balance of any increase shall be subject to accrual.

- B.** The State agrees that upon considering sub-contracting of any work presently performed by an employee which would have an adverse effect upon job security, wage rate, or classification status of any employee in the bargaining unit, it shall:
 - 1. Notify the Union's Executive Director in writing of its intention six (6) months in advance the sub-contracting and;
 - 2. Meet with the Union prior to receiving bids or letting contracts for the purpose of discussing the problem during which discussions the Union will be granted reasonable requested opportunities to meet with the Director of Administration or other appropriate State officials to discuss a desirability of sub-contracting and to develop and establish a mutually acceptable plan for protecting adversely affected employees.

Approval of such leaves shall not be unreasonably withheld.
2. At the expiration of such leave, the employee shall be returned to the position from which she is on leave at the same step of the then current range of her class of position.

Employees returning from an authorized leave for educational improvement must return to their current position for a period of one (1) year and remain in State service for two (2) years. In the event said employee fails to comply with these obligations, he/she (not the Union) will be required to reimburse the State for the full amount expended by the State, including the cost of health insurance. In the event that an employee leaves State employment within two (2) years, such amounts will be pro-rated based on the months of service. The State shall deduct the due amount from any paid leave accruals otherwise due upon separation from the employee's debt to the State.

3. Employees granted leave for personal reasons shall receive health benefits paid by the University in accordance with the existing payroll manual regulations that are in effect when the employee is granted leave.

E. Any employee in the bargaining unit with permanent status who accepts another position of a different classification in the classified service, shall be granted automatically a leave of absence of six (6) months to protect his/her status in the former classification. Provided, however, that if it shall be determined during the Workmen's Compensation proceedings that the injury resulted from a physical assault arising out of the regular course of employment, the employee's leave shall not be reduced for the first twenty-six (26) weeks of disability arising from such an assault. During the 27th week and thereafter for the duration of the employee's disability, deductions from accumulated credit shall be applied as indicated above.
7. Any employee whose employment requires exposure to X-rays, radiation, or other harmful substances, shall be granted special sick leave credits not to exceed 105 hours in a calendar year if she is a thirty-five (35) hour or non-standard scheduled employee. Such sick leave credits shall be available and sick leave granted upon the approval by the Personnel Administrator of the written recommendation of the appointing authority. Such recommendation shall be based upon a determination by blood tests or other approved method and supported by a statement from a qualified physician that the health of the employee required such sick leave to permit recuperation from exposure to such occupational hazards.
8. The State and the Union agree to establish a Sick Leave Bank Committee who shall be responsible to administer a Sick Leave Bank at the University of Rhode Island (URI).

The Sick Leave Bank Committee shall be composed of four members, two (2) of whom shall be appointed by the President of the Union and two (2) by the President or designee of the University. Decisions of the Sick Leave Bank Committee shall be final and shall not be subject to the grievance and arbitration provisions of the contract.

The following provisions must be included in the rules and procedures adopted by the Sick Leave Bank Committee:

- a. The Committee must review the sick leave utilization of any member of the Sick Leave Bank who applies for sick leave from the bank. Sick leave will not be granted to an applicant with evidence of prior sick leave abuse in his or her personnel file or attendance record. - D.** Transitional Employment. The parties recognize the desirability of light duty assignments as a means of returning injured workers to productive employment.

The Office of Human Resources Administration and/or her/his designee in agreement with the Union shall define and assign transitional employment for

employees who have job related injuries which prevent or limit performance of full job duties and responsibilities within the following parameters:

Based upon clearly defined medical verification, the parties shall modify the tasks of the employee including job task, hours, shift and/or work location, to provide transitional employment in order to accommodate the employee's injury.

If no transitional employment is available in the employee's classification, the employee may be offered work outside her/his classification on a limited basis with approval of the Union.

The transitional employment for such employees shall be reviewed on a regular basis. The review interval shall be agreed upon by the Union, the appointing authority and the employee. The transitional employment period shall not exceed six (6) months unless mutually agreed upon by the Union, the appointing authority and the employee with medical documentation.

If the employee cannot return to her/his classification and/or assignment based upon medical verification after attaining maximum medical improvement, the State shall attempt to assist them with other employment, education, or training in State service within the bargaining unit in accordance with the Workers' Compensation Laws.

If the injury is not job related and the employee requests to return to work, the appointing authority upon receipt of medical verification that the injured employee can perform limited tasks in her/his classification, the appointing authority, subject to the needs of the University may modify the tasks of the employees' normal assignment to enable the employee to return to work after utilization of the employees' sick leave.

Any such transitional employee will not displace any bargaining unit member while participating in the program.

Employees newly appointed between January 1 and March 30 shall be entitled to four (4) personal leave days as provided in this Article. Employees newly appointed between April 1 and June 30 shall be entitled to three (3) personal leave days as provided in this Article. Employees newly appointed between July 1 and September 30 shall be entitled to two (2) personal leave days as provided in this

Article. Employees newly appointed between October 1 and December 31 shall be entitled to one (1) personal leave day as provided in this Article.

Any employee may be dismissed by the University during the probationary period for reasons relating to the employee's lack of qualifications or for the good of the service. Such dismissals shall be in writing with a copy sent to the employee and the Union. Initial minor infractions, irregularities, or deficiencies shall be privately brought to the attention of the employee. After a period of six (6) months if the employee has not committed any further infractions of appropriate rules and regulations, written notations or oral reprimands shall be expunged from the employee's personnel records. Written reprimands will be removed after a period of one (1) year if there are no further infractions. 3. Within two weeks of a suspension or discharge, the Union may file a grievance with the State Labor Relations Administrator as set forth in Article XXV, and such hearing shall be held no later than three (3) days after the Union's request.
4. In the event that an employee is dismissed, demoted or suspended under this Section, and such employee appeals such action and her appeal is sustained, she shall be restored to her former position and compensated at her regular rate for any time lost during the period of such dismissal, demotion or suspension.
