Information Technology Assessment

As part of our strategic plan to improve the delivery and scope of information technology services at URI, an independent management and information technology consulting firm, BerryDunn, is assessing our IT operations, services, resources, and organizational structure.

Now we invite all students, faculty and staff to participate in this survey to begin BerryDunn's University-wide IT Assessment.

Before Oct. 19, please take about 5 minutes to complete this survey.

Click on the link or copy/paste the URL to your browser. https://www.research.net/r/URI_IT_Strategic_Plan_Questionnaire

We thank you in advance for your time and participation in this assessment!
