THE UNIVERSITY OF RHODE ISLAND COOPERATIVE EXTENSION

ENERGY FELLOWS PROGRAM

APPLY TODAY TO BECOME A 2022 URI ENERGY FELLOW!

What is the URI Energy Fellows Program?

A paid work experience opportunity for students interested in energy-related careers. Selected students work on real-world energy-related projects alongside professionals, policymakers or faculty researchers. Fellows also receive in-depth professional development, networking and energy topic training.

Why should I apply?

Over 80% of program graduates have secured jobs in the energy sector since 2008!

Who should apply?

Motivated undergraduate or graduate students with an interest and/or passion in sustainability, energy and the environment. Students enrolled in any academic major through December 2022 are eligible.

When does the program start?

Energy Fellowships begin in January 2022 and work through the spring, summer and fall semesters, ending in December 2022. In addition to training, events and conferences throughout the year, Fellows gain a minimum of 600 paid internship hours with their mentor. Most students work ~10 hours/week during the spring and fall semesters, and up to 35 hours/week in the summer.

Where do students work?

Students are placed based on skills and interests with companies and organizations working in the clean energy sector. Fellows also participate in professional development and energy-related training led by URI. **Select placements include: *RISE Engineering, URI NEST Lab, Xodus Group, RI Office of Energy Resources, National Grid, The Nature Conservancy, The Renewable Energy Fund and more*!**

How do I apply?

Visit ***uri.edu/coopext/energy-fellows-program*** to submit an application. Submit additional required documents in PDF form by email to Program Coordinator, Kaylyn Keane, KKeane@uri.edu.

Questions?

Attend a virtual drop-in Q & A session with the Coordinator on Monday, October 11th 3:30pm- 5:30pm. Join the meeting here: https://uri-edu.zoom.us/j/97566582751

Applications DUE Friday October 29th, 2021
Early Submissions Encouraged!
