5. **REPORT** from Rachel Dicioccio - Director of Innovation in General Education

Professor DiCioccio reported on the status of the General Education program. She plans to work with specific majors to help address the lack of seats in D1 courses for students wishing to graduate in May 2019. The shortage will likely lead to students petitioning for

courses to count for the D1 outcomes. Professor DiCioccio is working with colleges on the petition process for General Education courses.

Courses that change General Education outcomes will only change on an academic year basis. Professor DiCioccio worked with Enrollment Services and audits of student transcripts will be done based on a record of academic years.

The General Education Course Fair will take place on November 5, 2018 from 11 AM – 2 PM in the Memorial Ballroom.

URI was contacted by the University of Northern Iowa to learn more about our general education program.

Funding of the general education office was discussed.
