

Constitution and By-Laws Committee (CBUM)  
Report to the Faculty Senate Executive Committee  
Request from Honors Program for revisions to the University Manual and Faculty Senate By-Laws

Item I

As a consequence of its work, CBUM found a reference error that needs correction. In 2.20.20 the reference to 4.42 of the Faculty Senate By-Laws is incorrect. The correct reference is 4.33.

Current

**2.20.20** Provide oversight of the Honors Program (see 8.60.10 – 8.65.13 for description of program; and 4.42 of Faculty Senate By-Laws for duties). [Administrative Report September 2015](#)

Change

**2.20.20** Provide oversight of the Honors Program (see 8.60.10 – 8.65.13 for description of program; and 4.42 **4.33** of Faculty Senate By-Laws for duties). [Administrative Report September 2015](#)

Request to change By-Laws Appendix C Section 4, 4.33 to add that the Director of the Honors Program will work in collaboration with the Teaching, Advisement, and Assessment committee to oversee the Honors Program.

Request that the word supervise be replaced by the word oversee for consistency.  
Removal of redundant language.

Current

**4.33** Moreover, the Committee shall supervise the Honors Program (see [University Manual Chapter 8, Academic Programs, Sections 8.60.10 – 8.65.13](#)) and, in collaboration with the Director of the Honors Program, bring distinguished scholars to the campus for general lectures and/or other public programs. ### **Item III**

Request that the Honors Program Curriculum and Advisory Committee, the governing body for the Honors Program and functioning now, replace the Teaching, Advising, and Assessment Committee (the Committee in current 8.64.11) for Honors Program course approvals. Courses approved by the Honors Program Curriculum and Advisory Committee would follow the procedures in 8.81.10.

**8.81.10 Course Approval.** All new courses must first be approved by a vote of the faculty of the originating department. A course which does not originate in a specific department or college must be approved by the governing committee(s) with responsibility for administering it. After departmental or committee approval, a permanent course must gain the approval of the college(s), where applicable, the Curriculum and Standards Committee and/or the Graduate Council, and the Faculty Senate. [#15-16-5, #17-18-23](#)

*Information on Honors Program Curriculum and Advisory Committee:*

The Honors Program Curriculum and Advisory Committee develops and directs the Honors Program in conjunction with the Director of the program. Approves courses offered in the Honors Program, establishes general standards for students' performance and productivity, reviews proposals submitted by participating departments and colleges, and evaluates the effectiveness of the Honors program and its components. Reviews and approves Honors Colloquium proposals.
