

REPORT OF THE EXECUTIVE COMMITTEE
September 21, 2017

At meetings of May 19, June 23, and July 27, 2017, the Faculty Senate Executive Committee discussed the Administrator Evaluation (AE) process including written and verbal requests from 2016-2017 AE committee members to consider changes to the procedures and some aspects of the development of the survey instrument.

As a result of these discussions, the Faculty Senate Executive Committee recommends the following:

That the Faculty Senate approve the formation by the Executive Committee of an ad hoc committee of six faculty members in order to examine the administrator evaluation process as set forth in By-Laws 4.4 and University Manual sections 5.76.10 – 5.76.12 and 10.90.9 – 10.90.17. This ad hoc committee will bring forward any recommendations for changes to the current process by the February 2018 Faculty Senate Meeting.
